

THE MAIL-IN GRAND TOURNAMENT LXX!

ARENAMASTER'S NOTES: 20 July 2020

This is the newsletter for the seventieth Mail-In Grand Tournament, the pandemic mail-in, the tournament that should have been a face-to-face. All newsletters for regular Duelmasters arenas will include a listing of the tournament participants from that arena—all the warriors that fought will have their tournament win-loss record posted for all to see. The class divisions for Mail-In LXX were as follows:

DM 200, The Primus Tournament	– All Primus inducted warriors (as of the Summer 2020 ADM Freeze)
DM 201, The Contenders Tournament	– All Primus contenders (as of the Summer 2020 ADM Freeze)
DM 202, The Eligible Tournament	– All Primus qualified warriors
DM 203, The ADM Tournament	– All other ADM warriors
DM 204, The Freshmen Tournament	– All new ADM warriors and ADM Freshmen
DM 205, The Challengers Tournament	– DM warriors with 31+ fights as of the Tournament
DM 206, The Champions Tournament	– DM warriors with 21+ fights as of the Tournament
DM 207, The Adepts Tournament	– DM warriors with 11-20 fights as of the Tournament
DM 208, The Initiates Tournament	– DM warriors with 5-10 fights as of the Tournament
DM 209, The Apprentices Tournament	– DM warriors with 1-4 fights as of the Tournament
DM 210, The Rookies Tournament	– DM warriors with 0 fights as of the Tournament

A grand total of 2683 warriors participated in Grand Tournament LXX. This was a pretty large amount of strategy input, and every effort was made to ensure the accuracy of the strategies. Unfortunately, we cannot correct any possible turn input errors, nor can we rerun fights, give credit, or change learns due to possible errors.

Thanks to all of you for participating in this Grand Tournament. Your warrior's tournament record will not count toward his record in regular arena play. The warrior with the best overall record in each class is declared "The Tournament Champion," and may fight for free in regular arena play. In addition, the manager of each Tournament Champion for each tournament is awarded the Tournament Prize: two potions, each of which will increase the damage rating of one warrior to the highest level possible, in perpetuity! Please remember, you must use all prizes within six months of the tourney when they were won.

In addition, a special prize of one bonus skill potion will be awarded to the manager of each of the Stylemasters in all tournaments. Primus bonus potions must be used on a Primus warrior of the same style; ADM bonus potions must be used on an ADM warrior of the same style; basic DM potions may be used on any living warrior on the same team. All Stylemaster prizes must be used within six months.

Warriors in the regular tournaments who were uneliminated at the end of the tenth round have earned "Tournament Victor" status, which will enable them to make one challenge per turn with increased priority by writing "TV" next to that challenge. Tournament Victor and Tournament Champion status are great honors, and their benefits will last until our next Mail-In tournament, or until six months have passed. All warriors who earned Tournament Champion or Tournament Victor status from the Winter FTF longer have this status. All Victors and Champions will also receive a Certificate of Achievement.

Congratulations to the winners, and condolences to the dead. – The Gladiatorial Commission

TOURNAMENT SPY REPORT

Olaf Modeen here, reporting on the Grand Tournament. Here we go.

Primus. Always here, the immortal giants of the gladiatorial world. I, Olaf Modeen, was never one of the elite, and glad enough for it.

Round one: I think I counted one hundred seventy-one entrants, but I could be wrong. I probably am. I counted eighty fights. Well, higher math was never my strong point. It looks like aimed blows were the most numerous, twice as many as lungers, who were next in numbers, but all styles were represented. Furious Bear was the high-ranked aimer, and Grim Reaver led the lungers.

Hmm, flipping through the notes on the next few rounds, it looks like the aimed blows and lungers were not being eliminated, though the lesser styles were dropping out of the contest like apples dropping out of a tree. That won't last. Everybody gets eliminated in the end.

Round nine, I count seventeen fights. Yep, the second count is still seventeen fights, so I'll take it as correct. Three undefeated warriors: John Ashcroft, Nebuchadnezzar, and Dirty Zealot. Stylistically it's all aimed blows and lungers. John Ashcroft is the top-ranked aimer. Thirteen warriors at eight-one, tourney victors all. And thirteen at two losses. The high-ranked lugner was Iron Princess at eight-one.

TOURNAMENT SPY REPORT (continued)

Round ten, fifteen fights. Dirty Zealot is now alone with no losses. I think I count eleven with one loss, and nine with two. Too many to list with my stiff fingers. Sorry. Nine more are out. The only styles still in the contest are aimed blows, led by Dirty Zealot and lungers following Iron Princess. Those two are good at what they do. Of course, the others are no slouches or they wouldn't be in Primus.

Round eleven, eleven fights, that almost sounds too symmetrical, doesn't it? Dirty Zealot remains alone at the top, undefeated. Eight with one loss. Five with two losses, and seven out of the running now with three losses. It's all aimed blows now, with twenty of them still fighting, and one lugner (Iron Princess) who is now eliminated.

Round twelve, seven fights. Dirty Zealot has LOST and now has one loss, along with Sebastian, Nebuchadnezzar, and Scootie Puff Jr. All aimed blows. No other styles fighting now, with Sebastian being the top-ranked aimer this round. Nine still out there fighting at ten-two, and one eliminated.

Round thirteen, seven fights. Sebastian and Dirty Zealot are tied in the lead at twelve-one, with seven at eleven-two, and four eliminated. All aimed blows with Sebastian still on top.

Round fourteen, five fights. Dirty Zealot has the lead with one loss, and Sebastian, Bob Eternal, Littlest Tyrant, Bobs and Dogs, and Scottie Puff Jr follow with two losses. Three more are eliminated. All aimed blows.

Round fifteen, three fights, with an elimination on each one. Dirty Zealot has the lead with one loss, Sebastian and Bob Eternal are still in with two losses. The other three are done.

Round sixteen, two fights. Sebastian drew and defeated a standby, and Bob Eternal is eliminated, after a thirty-three minute fight. Dirty Zealot is ahead at fifteen-one. All aimers.

Round seventeen, one fight to the finish: SEBASTIAN 66-1834 of THE INQUISITION was viciously subdued by DIRTY ZEALOT 82-55889 of FLOPS in a unpopular 68 minute fight. That makes Dirty Zealot the Champion of Primus, maybe he'll get a bath. As noted, he is an aimed blow.

Contenders, and mighty contentious they are. I count fifty-seven fights, and, I think one hundred eight warriors. That doesn't quite match, but life is like that. Forty-three aimed blows, mostly winning, twenty-seven lungers, all other styles except strikers.

Round nine, eleven fights. Four Contenders are undefeated at this point: Dawn, Minge the Marvelous, A Balcony, and Jormp Jumper. Five have one loss and seven have two. Narrowing down fast. Aimed blows are still the most numerous, with half of them winning and half losing. Dawn is the top aimer. Lungers are down to a mere two, both winning and led by Afterlife. One each bashers (Butch), rippers (Daydream Believer), slashers (Shotgun Gandhi), and wastes (Orange Cranberry).

Round ten, eight fights. Three undefeated: Minge the Marvelous, an aimed blow, A Balcony, and Jormp Jumper. Three have one loss: Dawn, Miffed Sandy, and Opal Ravioli. Six have two losses, and I'm not going to list them. Four are out.

Round eleven, six fights. Still the same three undefeated. Only Dawn with a single loss. With two losses: Burglar, Miffed Sandy, Opal Ravioli, and Candiru. Four more are out. Aimed blows are most numerous, and except for one lone wall of steel (Orange Cranberry), that's all we had on the sands this turn.

Round twelve, four fights. Minge the Merciless, ah, make that Marvelous, and A Balcony are still undefeated. Dawn and Jormp Jumper have one loss. Burglar has two losses, and everyone else is out. Nothing but aimed blows on the sands now, and Minge the Merciless, the Marvelous, is the top-ranked one.

Round thirteen, three fights, one standby, no eliminations. A Balcony is still undefeated, Dawn and Minge the Marvelous have one loss, and Burglar and Jormp Jumper have two losses. All aimed blows, except the standby, I believe the Userous Merchant is a ripper.

Round fourteen, three fights, one with a standby. A Balcony remains undefeated. Burglar is eliminated. Minge the Marvelous has one loss, and Dawn and Jormp Jumper have two. All aimed blows, of course.

Round fifteen, two fights. Minge the Marvelous handed A Balcony his first loss, and now has the lead. Jormp Jumper is out.

Round sixteen, two fights, one with a standby. Minge the Marvelous handed A Balcony its second loss, and Dawn drew and defeated a Captured Orc. Minge the Marvelous has the lead and the other two are balanced on an edge.

Round seventeen, two fights, one with a standby. Everyone ended up at fifteen-two, and the next couple of rounds will decide this level of the tourney. A Balcony drew the standby this time. And obviously everyone left is an aimed blow.

Round eighteen, two fights, and Minge drew a standby. A Balcony has been eliminated, fell right off the building into the parking lot. Next round will finish this, as both Dawn and Minge are at two losses.

TOURNAMENT SPY REPORT (continued)

Round nineteen, one fight to a conclusion. DAWN 17-7248 of ZOMBIE SQUAD 2 was devastated by MINGE THE MARVELOUS 82-44835 of HOLE IN THE WALL in a 2 minute mismatched fight. Nothing but aimed blows here, and we congratulate the Marvelous Minge with a salute to Dawn as well.

Eligibles. Eligible for a quick smack upside the head, sometimes.

Round one, I count fifty-nine fights, I think. These numbers all run together in my head. I counted one hundred eighteen warriors. Make of those numbers what you will. All styles present on round one, with lungers the most numerous at thirty-eight, and aimed blows next at thirty-two. After those styles, the numbers dropped quickly.

Round nine, ten fights. Piffing. Only one undefeated warrior at this point: Never Forever, an aimed blow (Is anyone surprised at that?). Four with one loss: Onuphre, a basher, Addai, Zensu Lasagna, and Angel Cake, a slasher. Eleven with two losses, and four headed for the showers. Today, that could simply mean stepping outside; we had a sharp little rainstorm here, just now.

Round ten, eight fights. Never Forever remains undefeated. Addai and Onuphred are right behind him at nine-one. Looks like seven warriors with two losses, and I'm not going to list them. The rain gets into my fingers and makes them stiff. And seven eliminated on this round. I see no clear leaders in the styles still fighting.

Round eleven, five fights. Never Forever remains undefeated. Addai and Angel Cake hold second place with one loss. Zensu Lasagna and The Sun are third with two losses, and five more are out. Aimed blows have the edge on wins.

Round twelve, three fights, with Addai drawing a standby. Never Forever remains undefeated, Addai is eleven-one, The Sun is ten-two having killed Angel Cake. Zensu Lasagna is out.

Round thirteen, two fights, with Never Forever draing a standby. The Sun lost to Addai and was eliminated. The setting Sun was, still is, a lugner and tops in that style.

Round fourteen, one fight. Both warriors are aimed blows. ADDAI 10-5951 of SERPENTS HOLD! was devastated by NEVER FOREVER 18-9308 of STREET PIZZA in a 2 minute mismatched fight. That's Never Forever undefeated and Addai with two losses. The next round may settle it.

Round fifteen, one fight, to the finish for Eligibles: ADDAI 10-5951 of SERPENTS HOLD! was devastated by NEVER FOREVER 18-9308 of STREET PIZZA in a 2 minute mismatched fight. That's Never Forever as the Champion, and Addai as "also ran." We salute them both.

ADM, lots of hopefuls.

Round one, I count one hundred eighty-eight warriors. Ninety-four fights. Hey, those numbers actually match! I guess this bunch weren't as prone to hiding behind each other or jumping the line while I was counting them. Cool. All styles were represented to begin with. Aimed blows and lungers were the most heavily represented styles, fifty-three and fifty-two respectively. Lungers seemed more prone to win, aimers less so. The top-ranked lugner at this point is Mc Shan, and the leading aimed blow is Elmore James. Good on 'em.

Round nine, sixteen fights. Nobody undefeated. Nine warriors at eight-one. Sorry, my fingers are too stiff to list 'em. I count fourteen at seven-two. All styles are still present, but aimed blows and lungers are down to eight representatives each. The highest ranked warrior is Ruth, the leading ripper, and a salute is due her.

Round ten, twelve fights. Five warriors with one loss: Ruth the top ripper, Master Plan the top aimed blow, Tequila, top lugner, Bobcat and Shemp. It looks like eleven with two, and seven headed for the showers.

Round eleven, eight fights. Ruth, Tequila, and Bobcat each have one loss, with Ruth well out in the lead on points. Seven with two losses, and six with three and they're out. Parry lungers, parry strikers, strikers, and walls of steel are no longer present. Five each lugner and aimed blows, with the lungers winning and the aimers losing.

Round twelve, five fights. Ruth and Bobcat have the lead with one loss. With two losses, I see Master Plan, Tequila, Homecoming Queen, and Jimmy Jon. Four are out on this round. Ruth is the leading ripper, Bobcat the top lugner, Master Plan the high-ranked aimed blow, and Jimmy Jon is the foremost slasher. Good work on all their parts.

Round thirteen, three fights. Ruth retains the lead with one loss. Following on with two losses are Master Plan, Homecoming Queen, and Bobcat. Tequila and Jimmy Jon are out at three losses.

Round fourteen, two fights. RUTH 18-10121 of SHEPHERDS was viciously subdued by BOBCAT 84-19098 of FRONTIER in a crowd pleasing 6 minute gruesome fight. What happened to her sheep? HOMECOMING QUEEN 84-34481 of DM:EPISODE 2 was savagely defeated by MASTER PLAN 84-36463 of PAID IN FULL in a 3 minute melee. Homecoming Queen is out and the other three warriors are balanced with two losses each. Things are narrowing down fast here.

TOURNAMENT SPY REPORT (continued)

Round fifteen, two fights. Ruth drew an Ambitious Guard and made him regret volunteering for the tourney. Master Plan eliminated Bobcat. Ruth is our top ripper, and Master Plan the leading aimed blow. The eliminated Bobcat was top lugner. Next round should settle this contest.

Round sixteen, one final fight. RUTH 18-10121 of SHEPHERDS was viciously subdued by MASTER PLAN 84-36463 of PAID IN FULL in a crowd pleasing 4 minute fight. I'm kinda sorry to see Ruth lose this. She was holding on so well for so long with a difficult style. But it was doubtless all part of a Master Plan by the Masters of Aimed Blows. And Master Plan did his job well. We salute them both.

Freshmen, green as grass. Grass is good, and green is better.

Round one, seventy-four fights. I count one hundred thirty-seven warriors, but they didn't stand still and kept dodging behind pillars and each other. But anyway, there were lots of 'em. All ten styles were present, with the most populous styles being total parries, aimed blows, and bashers, an interesting mix. Bashers and total parries were the most winning, with aimed blows and rippers doing more losing than the other styles.

Round nine, twelve fights. Two undefeated at this point, Bozo, top basher, and Ill Subliminal, leading total parry. Six with one loss: Power Punch, leading aimed blow, Rare Breed, Filleted Minion, top slasher, Freebooter, and Picaroon, most prominent parry lugner. Nine with two losses, and I won't list them. Looks like seven going out now. There are no longer any parry strikers in this contest.

Round ten, nine fights. Ill Sublinimal, a total parry, remains undefeated. With one loss, Bozo, a basher, Power Punch, aimed blow, Filleted Minion, slasher, and Fezzik, another basher. Eight with two losses, and four with three. Bashers and total parries are most numerous, but not most successful.

Round eleven, seven fights. Ill Subliminal remains undefeated. Bozo, Filleted Minion, and Fezzik have one loss. Bicycle Race, Power Punch, Hairy Monster, and Picaroon have two losses. Five more are out of the running. No rippers or pikers remain in the contest. Bashers have the lead in numbers present and wins.

Round twelve, four fights. Ill Sublinimal hangs onto his lead with no losses. Filleted Minion is alone in second place with one loss. Four with two losses: Bozo, Fezzik, Hairy Monster, and Picaroon. Two more are out.

Round thirteen, three fights. Ill Subliminal lost to Hairy Monster, but still holds the lead at twelve-one. At eleven-two are Bozo, Filleted Minion, Fezzik, and Hairy Monster. Picaroon is out at ten-three. Two victorious bashers on the sands, Bozo and one other, a winning striker, Hairy Monster, a losing pluger, Picaroon, slasher (Filleted Minion) and total parry, Ill Subliminal.

Round fourteen, three fights. Ill Subliminal drew a standby and has one loss. Fezzik and Hairy Monster have two loss, Bozo and Filleted Minion are out with three losses.

Round fifteen, two fights. Fezzik drew a standby, Hairy Monster handed Ill Subliminal a second loss. So now we have three warriors left, all with two losses. Two more rounds will finish this contest.

Round sixteen two fights. Hairy Monster drew a standby, and Fezzik defeated Ill Subliminal. The next round will be the Monster and Fezzik to the finish.

Round seventeen, one final fight: FEZZIK 45-814 of MAX'S MIRACLE was devastated by HAIRY MONSTER 50-3436 of OPEN SESAME in a action packed 1 minute mismatched fight. And there you have it, the striker Hairy Monster wins over Fezzik, a basher. Good work. We salute you.

Challengers. I forget, are they mortal, or not? Graduated, but not yet gone to the Isle? I guess some are and some aren't. Whichever, I wish them all the best. Some are going to die here.

Round one, I count a lot of fights and forgot to write it down right away. One hundred eighty some. Maybe two hundred seventy-eight challengers lining up to fight. That doesn't look right. Adding up all the styles, I get two hundred sixty-nine. That would make one hundred thirty-five fights. We'll go with that. Lots, anyway. All styles are represented here and now. Lungers are way most numerous, ninety-two. About evenly divided, win or lose. In fact, no style is a clear winner or loser here. Do I care, on round one? No, not really, we've got a lot of rounds to go. When the number of warriors drops, I'll care. You've got to understand, I'm basically dead, and a dead brain can't deal with hundreds of warriors. Neither can a live brain, really, look at the things some managers do.

Round nine, looks like twenty fights. That's a number I can feel fairly sure of. Four are undefeated at this point: Suckable Binky, the top lugner, Horrible Hairmonster, Hazard, the top aimer, and Whale Meat; the other two aren't stylemasters. Eight with one loss; sixteen with two losses. There are no longer bashers and rippers fighting here. The lungers and aimed blows seem to have a slight winning edge, and the total parries are inclined to lose.

Round ten, fourteen fights. No plungers or rippers left. Horrible Hairmonster, now the top-ranked lugner. Eight with one loss. Eternal Doom, the leading total parry, Suckable Binky, a lugner but not the top,

TOURNAMENT SPY REPORT (continued)

Moose, Mark Portugal, Hazard, the leading aimed blow, The Quillian, top slasher, and Whale Meat. I don't know the styles on the others.

Round eleven, ten fights. Horrible Hairmonster is still undefeated. With one loss Suckable Binky, Moose, The Quillian, and Whale Meat. Eight with two losses. Seven eliminated this round. No bashers, plungers, rippers, pikers, or strikers are left in the contest; lungers are the most numerous now.

Round twelve seven fights. The Horrible Hairmonster lost to Homing Lemming. The Hairmonster, Suckable Binky, and The Quillian are tied at one loss. Moose, Mark Portugal, Hazard, the Homing Lemming, Sil, Anno Domini, and Whale Meat have two losses. Three are eliminated this round. Lungers are now most numerous and most winning. Total parries are most losing.

Round thirteen, five fights. The Quillian, our current top-ranked slasher, is in the lead with one loss. Two losses, Suckable Binky, Horrible Hairmonster, Homing Lemming, Sil, Anno Domini, and Whale Meat. Three more are eliminated.

Round fourteen, five fights, one with a standby. The Quillian has the lead with one loss. At two losses, we have the Horrible Hairmonster, Sil, and Whale Meat. Three more are out. We're down to lungers and slashers now.

Round fifteen, two fights. Everyone still in the contest is tied at thirteen-two, and Sil is out.

Round sixteen, two fights. The Quillian drew a standby, and Horrible Hairmonster defeated Whale Meat. The Hairmonster, top lugner, and The Quillian, only remaining slasher, are tied with two losses, and the next round will settle things between them.

Round seventeen, one final fight: THE QUILLIAN 82-43403 of INK & STEEL X devastated HORRIBLE HAIRMONSTER 84-50289 of MARK'S MASTERPIECE in a 1 minute fight. And that leaves The Quillian as the Champion of Challengers, and slasher stylemaster. We congratulate him.

Ten Challengers died today, and we salute them.

Champions. Mortal, skilled, and bold!

Round one, I make it sixty-four fights, and one twenty some warriors, those numbers just slip away. All styles were present, with lungers dominating at forty-one present, down to a single ripper. One twenty-eight warriors.

Round nine, ten fights. Nobody undefeated. None of the parry modified styles still fighting, including walls of steel (parry slash). With one loss we have Krikrit, master of the lunge, Blend, top striker, Hero of the Day, slasher supreme, Cuervo Gold, top-ranked total parry, Better with Age, and Gumball. Eight with two losses, and I'm not going to list 'em.

Round ten, seven fights. Krikrit and Cuervo Gold have the lead with one loss. At eight-two are Demonic Dragonfly, top striker, Cavavi, Blend, Hero of the Day, Narrator, Dolemite, Better with Age, Gumball, and Bailey. And three are headed for the benches.

Round eleven, six fights. Everyone is now nine-two or out at eight-three. Nine in the first group, and my fingers are too stiff to even think of listing them. We're out of bashers now, too.

Round twelve, four fights. Four warriors still hanging on at ten-two. I guess I can list four warriors. Krikrit, top lugner, Cavavi, Dolemite, leading aimed blow, and Gumball. Four have fallen out of the line.

Round thirteen, coming up on the end here, because after two fights, we have only two warriors left in contention, both with two losses. Dolemite and Gumball. Dolemite is an aimed blow, and Gumball is a lugner, each a stylemaster at this point.

Round fourteen, one last fight. GUMBALL 74-4730 of A.W. OF GUMBALL was devastated by DOLEMITE 85-24265 of HOWLIN' CLASSICS in a 2 minute mismatched fight. Dolemite, our last lugner is the Champion of Champions. And we raise a cheer for this aimed blow.

Ten Champions died here today, and we salute them.

Adepts. Good at doing things. Like fighting.

Round one, I think I counted two hundred eleven warriors. One hundred seven fights, maybe. All styles are represented at this point.

Round nine, nineteen fights, and we've lost the rippers already. Two undefeated warriors: Melton, a leading striker, and Weak Story, top parry-striker. Four with one loss: Rho Telescopii, Develop, Mulluscation, and All-In, the top aimed blow. Fourteen with two loss, and eighteen eliminated. More strikers out there than any other style, half winning and half losing.

Round ten, ten fights. Melton remains undefeated. Rho Telescopii and Weak Story are tied in second place with one loss. Eleven with two losses and six with three who are out. Strikers are still the most numerous style, still half winning and half losing.

TOURNAMENT SPY REPORT (continued)

Round eleven, seven fights. Melton remains undefeated, nobody with one loss, but seven with two. Looks like Weak Story has been killed by Develop. Bashers, plungers, rippers, and walls of steel are now out of the fight.

Round twelve, four fights. Melton has picked up a loss but still holds the lead. Four warriors with two losses are close on his heels: Rho Telescopii, Brief, Horrible Hornet, and Saleh. Three more have been eliminated. We're down to strikers (Melton), total parries (Brief), and lungers (The Terrible Awful).

Round thirteen, three fights. Rho Telescopii drew a standby and, of course, won. Saleh was eliminated, and we now have four warriors with two losses: Melton, Rho Telescopii, Brief, and Horrible Hornet.

Round fourteen, two fights, two eliminations. We've still got Rho Telescopii and Horrible Hornet, both with two losses. Both are strikers. The next round will settle this.

Round fifteen, the last fight. HORRIBLE HORNET 35-4791 of SATAN'S SWARM was devastated by RHO TELESCOPII 63-3447 of TELESCOPIUM in a 1 minute mismatched fight. Both strikers, with Rho winning. We congratulate him/her/it.

Thirteen warriors died in this contest, and we salute them.

Initiates. Getting down to the bottom of the program, which is not the bottom of skill and courage.

Round one, I make it three hundred warriors. The top five killed on this first round. One hundred fifty fights. Debby Tonte came and helped me count. All styles were represented, with lungers most numerous, then strikers, aimed blows, total parries, and slasher in rapidly descending numbers. Relative to the total numbers present, the strikers were winning most and the total parries losing most.

Round nine, twenty-four fights, I think. Debby wandered off looking for a drink with an umbrella in, so I had to count and remember on my own. Three undefeated warriors: A Marrow Escape (top lugner), Jalapeno Business, and Septimus, the other two aren't stylemasters. Five with one loss. Way too many with two losses. We're out of plungers, pikers, and walls of steel.

Round ten, fifteen fights. A Marrow Escape and Jalapeno Business are still undefeated. With one loss: Foot Dignity, Antiope, and Septimus. With two loss, too many, Debby says fifteen. And ten more out.

Round eleven, ten fights. Jalapeno Business, a lugner, is still undefeated. Foot Dignity, a striker, and A Marrow Escape have one loss each. Ten with two losses, and six out now. Nothing but strikers and lungers still fighting. That tells you something, don't ask me what. No, there's still a basher out there.

Round twelve, eight fights. Foot Dignity and Jalapeno Business have the lead with one loss. Too many with two losses to count and list, maybe seven, but it's been a long day. Four eliminated.

Round thirteen, five fights, one with a standby. Foot Dignity, the current top striker is alone in the lead with one loss. Jalapeno Business picked up a second loss from Volvomort. With two losses, I see: Volvomort, Rabid Hound, Melsandra, and Archfire, and three are eliminated. Lungers and strikers now, and that one basher among the washouts.

Round fourteen, three fights. Two eliminated, and the rest at twelve-two. Foot Dignity is holding the lead by virtue of having killed once. Foot Dignity is still the top striker, but Archfire is the lugner stylemaster here.

Round fifteen, next to the last round. Two fights. Foot Dignity and Volvomort are out, Rabid Hound, a striker, and Archfire, the lugner will battle it out to the championship on the next round.

Round sixteen, one fight: ARCHFIRE 42-5193 of STEELE RISING was devastated by RABID HOUND 85-44149 of THE PURGE 79 in a 1 minute mismatched fight. Rabid Hound, striker stylemaster, is the champion of Initiates. Let's hear a cheer for this good dog, who came from behind to sweep the title, and a salute to Archfire who battled it out to the end.

Twenty-three warriors died here today, and we salute them.

Apprentices. These youngsters make me tired. They're so many of them, and so eager.

Round one, I make it two hundred thirty-eight fights, and not even Debby will count the warriors. She says they move around too much. The top twelve killed on their first fight. Eager beavers. Why should beavers get the most credit for eagerness? One hundred two strikers, one hundred one lungers, eighty-three aimed blows (they have to start some time). Every style is represented here today. No wonder.

Round nine, thirty-six fights. Two undefeated at this point: Foxhound, a lugner, and Acres Homes Hero, a puzzling name, a wall of steel. Six with one loss: Meat! Meat!, Grand Canyon, top striker, Sgt. Spinkles, Shoo Stage, leading aimed blow, Oscar, supreme basher, Sister Morphine. I make it forty with two losses. And twenty-three with three losses. Rippers and plungers are down to a single presence each, and even the lungers have dropped to twenty-three.

TOURNAMENT SPY REPORT (continued)

Round ten, twenty-four fights. Only Acres Home Hero remains undefeated. With one loss we Meat! Meat!, Oscar, Shoo Stage, Grand Canyon, and Foxhound. Twenty-one with two losses, and lots with three.

Round eleven, fourteen fights. Nobody undefeated. No parry strikers or total parries. At one loss we have Meat! Meat!, Oscar, Grand Canyon, and Acres Homes Hero. Twelve with two losses, actually thirteen, but the unlucky thirteenth, Shoo Stage, was killed.

Round twelve, eight fights. Four with one loss: Meat! Meat!, Oscar, Grand Canyon, and Acres Homes Hero. Four with two losses: Crazeburn, Wart Hanky, Craklin, and Sister Morphine. Eight more are out. The last parry-lungers and parry-ripostes have fallen off the list.

Round thirteen, four fights. Meat! Meat!, a lugner, stands alone with one loss. At two losses I see: Oscar, a basher, Wart Hanky, a striker, Grand Canyon, Craklin, Sister Morphine, and Acres Home Hero. One more has washed out. No more slashers in the contest here.

Round fourteen, four fights. Meat! Meat! retains the lead with one loss. Wart Hanky, Grand Canyon, and Acres Homes Hero have two losses. Three warriors have been eliminated.

Round fifteen, two fights. Grand Canyon is out, silted up behind the dam. Everybody else has two losses, so it won't be long now. The last aimed blow has fallen off the list.

Round sixteen, two fights. Meat! Meat! drew a standby and remains in the contest to face Acres Homes Hero in the next round. Wart Hanky is out.

Round seventeen, one fight: ACRES HOMES HERO 15-5914 of DENTIST FREESTYLE bested MEAT! MEAT! 86-707 of ROADRUNNER CARNIVOR in a crowd pleasing 1 minute fight. Acres Homes hero, a wall of steel, is the champion, and the top lugner Meat! Meat! is right behind. We congratulate them.

Forty-three apprentices died today, and we salute them.

Rookies. Was I ever that green? I can't imagine it.

Round one, two hundred ninety-three fights, if we counted correctly. I counted four hundred seventy seven warriors, but maybe that was five hundred, seventy-seven, or even some other number. I put the bean counter on it and got five hundred eighty-six. I reckon we'll go with that. One fifty-two aimed blows, one oh two lungers, one hundred strikers, and the rest in descending numbers. No style seemed unreasonably victorious of otherwise. Walls of steel had an edge in wins, and the parry types in losses, especially parry strikers and parry ripostes.

Round nine, forty-four fights. Six warriors undefeated: Richard, Sebast, Floyd's Bookie, a parry lugner, Shivertrack, Kahala, Sugar Hydra. With one loss, I count nine, and with two losses, it's ridiculous: forty-seven. Twenty-seven eliminated. Rippers are down to a single warrior, plungers and pikers are down to tow, and bashers have only three still on the stands. Aimers show twenty-two, lungers twenty-one.

Round ten, I think thirty-one fights. Richard and Floyd's Bookie are still undefeated. Eleven with one loss. Twenty-four with two losses. Twenty-five OUT with three losses.

Round eleven, nineteen fights. Floyd's Bookie stands alone and undefeated, master parry lugner. Six with one loss: Richard, lugner, Sevast, Shivertrack, Robert Paulson, Sugar Hydra, total parry, Roly Poly. Nineteen with two losses, and eleven out. Rippers and slashers are now unrepresented here.

Round twelve, thirteen fights. Nobody undefeated now, they're getting tired. With a single loss: Floyd's Bookie, Robert Paulson, Sugar Hydra, and Roly Poly. Fourteen with two losses, and nine eliminated.

Round thirteen, nine fights. With one loss: Robert Paulson (one of many having that name), Floyd's Bookie, and Sugar Hydra. With two losses, seven, and it would take my poor stiff fingers too long to list 'em legibly. Debby insists that she doesn't type, and who am I to argue with a well-tanned lady? Seven eliminated. No rippers, no pikers, no slashers or strikers or walls of steel.

Round fourteen, five fights. Robert Paulson has the lead with a single loss. Six with two losses hard on his heels. Three eliminated.

Round fifteen, four fights. Robert Paulson, master of the lunge, killed Uesugi Kenshin, top-ranked aimed blow, and retains the lead with a single loss. Sebast, Floyd's Bookie, plunger, and Miguel, basher, are still fighting with two losses, and three more are out.

Round sixteen, two fights. Robert Paulson has one loss, Floyd's Bookie has two, the other two guys are out.

Round seventeen, the last fight: FLOYD'S BOOKIE 31-7036 of JUST DESSERTS was devastated by ROBERT PAULSON 937 86-1523 of PROJECT MAYHEM 415 in a 1 minute fight. Robert, out champion Rookie is a lugner, and the Bookie is a parry lunge. We congratulate both of them.

Fifty rookies died today and we salute them.

And that was our tournament. Thanks to Debby for her help. -- Olaf
