A grand total of 3005 warriors participated in Grand Tournament LXXI. This was a huge amount of strategy input, and every effort was made to ensure the accuracy of the strategies. Unfortunately, we cannot correct any possible turn input errors, nor can we rerun fights, give credit, or change learns due to possible errors.

Thanks to all of you for participating in this Grand Tournament. Your warrior's tournament record will not count toward his record in regular arena play. The warrior with the best overall record in each class is declared The "Tournament Champion," and may fight for free in regular arena play. In addition, the manager of each Tournament Champion for each tournament is awarded the Tournament Prize: One potion which lets them transform one of their warriors into its Evil Twin! The warrior's qualities will transform to the opposite alignment, switching skill bonuses between categories (in order IRAPDDec, so init <-> dec, etc.), exchanging favorite Offensive Effort and Activity Level and favorite Offensive and Defensive Tactics. Weapons will swap to the opposite weight according to style. The warrior will receive the maximum damage possible, ambidexterity, immortality, and the favorite learn of their choice. The warrior will hereafter be known as "EVIL xxxx." All final qualities remain in normal style and arena bounds; no favorites will be revealed in basic; see more details in your arena newsletter. All Dead Tourney Tournament Champions will be resurrected and granted immortality; Tournament Victors of the Dead Tourneys will only be resurrected. Immortal warriors may not challenge the Dark Arena. (You don't have to kill off a member of your team when the dead warrior is resurrected; you can wait for an opening on the team to occur naturally any time in the next six months.) Please remember, you must use all prizes within six months of the tourney in which they were won.

In addition, one ZAPP potion is awarded to the manager of each of the Stylemasters in the Primus tournament. This bonus potion must be used on a same-style Primus warrior within six months.

Warriors in the regular tournaments who were uneliminated at the end of the tenth round have earned "Tournament Victor" status, which will enable them to make one challenge per turn with increased priority by writing "TV" next to that challenge. Tournament Victor and Tournament Champion status are great honors, and their benefits will last until our next Mail-In tournament, or until six months have passed. All warriors who earned Tournament Champion or Tournament Victor status from Mail-In LXIX longer have this status. All Victors and Champions will also receive a Certificate of Achievement.

Congratulations to the winners, and condolences to the dead. — The Gladiatorial Commission

TOURNAMENT SPY REPORT

The scribes have returned from ballot counting in North Fork and have compiled their notes for this grand tournament. They worked extra hard to compile the stylemasters for each arena. Please note that a few of the stylemasters died in later fights (they are marked).

So, without further ado, the results of the Halloween Grand Tournament.

Primus, the top of the heap. Warriors with recognition points to equal the annual income of small nations. Round one lists 162 warriors and eighty-one fights. Those numbers match, which is unusual, my count is commonly off, one way or the other. Aimed blows are the most common, which explains the hordes of aimers crowding the lower levels of the game; everyone is hoping to make it to the top and dazzle all. Aimed blows one in two out of three appearances here. Lungers were the next most common style, just under half as numerous as aimers. From that point all the other styles are present but in numbers too small to matter.

Round two, I counted one sixty-two warriors with one death: Party's Over killed by #Null. The longest fight was 37 minutes, unless I fell asleep and missed something. Styles present were the same.

TOURNAMENT SPY REPORT (continued)

Round nine: fifteen fights, the longest just over thirty minutes. Four warriors are undefeated at this point: Neosphincter, Bob Eternal, Samurai, and Mr. Gherkin. Twelve with one loss, and I won't list 'em here and now. Looks like nine with two losses. And five eliminated, one by death. Aimed blows still fighting on this round have dropped to twenty-eight, with one lunger and one parry-lunger still in there trying, the other styles out of the contest. The aimers were split 14-14 for wins and losses, the lunger won and the plunger lost. Neosphincter was the top aimer at this point, Iron Princess the lunger and Geomancer the plunger still fighting.

Round ten, thirteen fights, the longest being fifty-nine minutes, I think. Debby set her drink down on the notes and smeared that. Two warriors remain undefeated, Bob Eternal and Mr. Gherkin. Seven have one loss. Thirteen with two losses, tourney victors all. Three more are out of the running. Down to twenty-four aimers, split twelve and twelve, one lunger, and nobody else.

Round eleven, eleven fights. Symmetrical. Only Mr. Gherkin remains undefeated. With one loss I see Neosphincter, Bob Eternal, Samurai, and Frankenberg. Lots with two losses, looks like eleven. Six more are out including our lone lunger, Iron Princess.

Round twelve, eight fights. Mr. Gherkin remains undefeated. Four with one loss, same as last round, Neosphincter, Bob Eternal, Samurai, Frankenberg. Three with two losses hanging on: The Reaper, John Ashcroft, and Screaming Eagle. Eight washed out. Nothing but aimed blows fighting now, and Mr. Gherkin leading the pack.

Round thirteen, four fights. Mr. Gherkin is still undefeated, Samurai and Frankenberg have one loss, The Reaper, Neosphincter, and Bob Eternal have two losses, and two more are eliminated; all are aimed blows.

Round fourteen, three fights. Mr. Gherkin picks up his first loss: MR. GHERKIN 6-6385 of 071406AD was viciously subdued by BOB ETERNAL 38-4460 of SANDS OF TIME in a unpopular 9 minute fight. This is also the longest fight of the round. All the other warriors have two losses, none are eliminated on this round, and all are aimed blows.

Round fifteen, three fights. The longest is forty-eight minutes. None are really short. Three eliminations: Neosphincter, Bob Eternal, and Samurai.

Round sixteen two fights, with The Reaper drawing a standby. At the end of the round everyone at 14-2, probably two more rounds to finish this.

Round seventeen, two fights again. Frankenberg drew the standby this time. The Reaper eliminated Mr. Gherkin. The next round will finish this level of the tourney.

Round eighteen, the final fight for Primus Championship: THE REAPER 69-8774 of BLOOD MOON was outwitted by FRANKENBERRY 82-51803 of DM OWNS YOU in a crowd pleasing 9 minute fight. We congratulate Frankenberg, the winner and champion; both are aimed blows.

Six people were temporarily killed in this contest, and we salute them.

Contenders. Contentious as always. They think they should be in Primus.

Round one, fifty-four fights. I make it one hundred seven contenders, so someone must've drawn a standby. Aimed blows were the most numerous, forty-three total, with more than half of them winning their fights. Lungers were next with twenty-seven entries, fewer than half winning. No strikers, the other styles present in small numbers. Walls of steel were third most numerous at the beginning, half winning and half losing. No change by round two, but it takes three losses to wash out at this level.

By round seven the numbers are starting to drop. Down to twenty-three aimed blows, five lungers, five walls of steel, and no parry-strikers. The aimers are still winning big, more than half of them are winners this round.

Round nine, eleven fights. For warriors with no losses: Dawn, Minge the Marvelous, A Balcony, and Jormp Jumper. Five with one loss, Cecil Bolton, Miffed Sandy, Opal Ravioli, Candiru, and Orange Cranberry. Seven with two losses, I won't list 'em. And six eliminated. Aimed blows are down to sixteen, half winning and half losing, with Dawn as the leader there. Two lungers both winning, with Afterlife being the top-ranked one, one wall of steel, the currently winning Orange Cranberry. No parry-lungers, no parry-strikers, strikers, or total parries.

Round ten, eight fights. Three still undefeated, Minge the Marvelous, A Balcony and Jormp Jumper. Three with one loss: Dawn, Miffed Sandy, and Opal Ravioli. Six with two losses, and four out of the contest. Twelve aimed blows, two thirds of them winners, with Minge the Marvelous in the lead. One basher, two lungers, and one wall of steel, all losing to aimed blows.

Round eleven, six fights. The same three warriors are undefeated: Minge, A Balcony and Jormp. Only Dawn has one loss. Four with two losses: Burglar, Miffed Sandy, Opal Ravioli, and Candiru, and four were eliminated on this round. Eleven aimed blows and one wall of steel, no other styles still fighting.

Round twelve, four fights. Minge and A Balcony remain undefeated. Dawn and Jormp have one loss each, Burglar has two losses. The other three warriors are eliminated. Nothing but aimed blows left, half winners and half losers.

Round thirteen, three fights. Burglar drew a standby. Dawn gave Minge the Marvelous his first loss from Dawn. All five still-active warriors are aimed blows.

Round fourteen, three fights. Minge the Marvelous drew a standby. A Balcony remains the only undefeated contender this afternoon. Minge has one loss; Dawn and Jormp each have two losses. Burglar is out with his third loss. All aimed blows.

Round fifteen, two fights. Minge the Marvelous handed A Balcony his, or its, first loss for this tourney, and Dawn eliminated the Jormp Jumper. Narrowing down fast now.

Round sixteen, two fights, and this time Dawn drew the standby. A BALCONY 4-6637 of P'D OFF was devastated by MINGE THE MARVELOUS 82-44835 of HOLE IN THE WALL in a 7 minute mismatched fight. This leaves A Balcony with two losses, and Minge in the lead with one.

TOURNAMENT SPY REPORT (continued)

Round seventeen, two fights, with A Balcony drawing the standby. At the end of this round, all three: Dawn, Minge the Marvelous, and A Balcony were all of them 15-2 with Dawn in the lead on points.

Round eighteen, two fights. Minge drew the stand, and Dawn through A Balcony out of the contest. The next round will decide it.

Round nineteen, one last fight to decide the contest. DAWN 17-7248 of ZOMBIE SQUAD 2 was devastated by MINGE THE MARVELOUS 82-44835 of HOLE IN THE WALL in a 2 minute mismatched fight. And there you have it, Minge came from below to take the championship. Both warriors are aimed blows, and we salute them for a good day of fighting. Only one dead, on round three, and he was resurrected.

Eligibles. This is not a case of "the most eligible bachelor" or some such, though they MAY be.

Round one, forty-one fights. I think this may be the smallest level in the whole tourney. Eighty-two warriors, which fits. Twenty-seven lungers, twenty-five aimed blows, seven walls of steel, and all the other styles present in small numbers, only one basher. Aimed blows and lungers the most winning, walls of steel the most losing.

By round four, the numbers are thinning out--three losses drops a warrior from the contest, and some have been dropped; looks like we're down to sixty-eight active warriors, but my math could be wrong. I don't know what's in the drinks Debby's been bringing me, but they seem strong.

Round nine, I think eight fights, one with a standby. Nobody undefeated, three with one loss: Holy Schlitz, Second Mate, Sycamore Style. Six with two losses: Dr Dazzle, Frozboz, Zombie Stomp, Skip James, Monty Python, and After 10 Beers! Six are being cast out on this round.

Round ten, five fights, Zombie Stomp drew a standby. Holy Schlitz and Sycamore Style have the lead with a single loss each. Zombie Stomp, Skip James, After 10 Beers, and Second Mate are still hanging on with two losses. Three more have been eliminated. We're down to two aimed blows, three lungers, one each parry-lunger, total parry, parry-riposte, and wall of steel. Subtlety is not welcome here.

Round eleven, three fights, ending with Second Mate eliminated and all the others tied at 9-2, do I need to list them here? Holy Schlitz, Zombie Stomp, Skip James After 10 Beers, and Sycamore Style.

Round twelve three fights, with Sycamore Style drawing a standby. Skip James and After 10 Beers are out, and Holy Schlitz, Zombie Stomp, and Sycamore Style are tied with two losses. Two aimed blows left, one winner and one loser, one each lunger and total parry, both winning, and a parry lunger losing.

Round thirteen two fights. Holy Schlitz drew a standby, and Zombie Stomp ousted Scycamore style. The next round will finish the Eligibles.

Round fourteen, one last fight, to a finish: HOLY SCHLITZ 41-4052 of OLD SCHOOL was viciously subdued by ZOMBIE STOMP 82-2617 of NO MORE TEARS in a 4 minute fight. The Champion Zombie Stomp is a total parry, and Holy Schlitz is a lunger. We salute them both. Perhaps remarkably, no one died in this level of the tourney.

ADM, once the goal of every young gladiator, back before Primus and those levels were opened up.

Round one, I count a bunch of fights, eighty something. I make it one hundred eighty-eight warriors. Doesn't match the fight counts, but someone juggled my elbow and I lost track. Okay, Debby brought me a counting golem and I got one hundred ninety warriors involved here. Fifty-three aimed blows, fifty-two lungers, all styles represented, but not prominently. Lungers were the most winning and aimed blows the most losing; the other styles were moderately balanced between wins and losses.

By round four we're down to forty-five each aimed blows and lungers.

Round nine: sixteen fights. Nobody undefeated, nine with one loss and I won't list 'em here. It was bad enough that I had to count them. Fourteen with two losses, and nine eliminated. Eight each aimed blows and lungers, the other styles dropping to match, but no style totally absent. The lungers have the edge in winning.

Round ten, twelve fights, one with a standby. Five warriors with a single loss: Ruth, Master Plan, Tequila, Bobcat, Shemp. Eleven with two losses, and you know I won't list 'em out here. Seven with three losses headed for the showers. Lungers are most numerous, aimed blows right behind them. All styles present except parry strikes, and no style with unbalanced win-loss totals.

Round eleven, eight fights. Three tied with one loss: Ruth, Tequila, and Bobcat. Seven with two losses: Bill Murray, Cherub Rock, Master Plan, Homecoming Queen, Jimmy Hon, Harv, and Shemp. Six eliminated on this round. Lungers and aimed blows remain most numerous with the lungers being the most victorious. No parry lunges left in the competition, no parry strikes, no strikers, no walls of steel.

Round twelve, five fights. Two out front with a single loss: Ruth and Bobcat. Four with two losses: Master Plan, Tequila, Homecoming Queen, and Jimmy Jon. Four more out of the running. Bill Murray, Cherub Rock, Harv, and Shemp. Aimed blows leading in numbers, parry ripostes leading in wins. Ruth is the top ripper, Bobcat the top lunger, Master Plan leads the aimed blows, and Jimmy Jon is our foremost slasher.

Round thirteen, three fights. Ruth is now in sole possession of the lead, the only one with a single loss. Still in the contest with two loss are Master Plan, Homecoming Queen, and Bobcat. Now out, and frankly relieved, it's a strain competing at this level, are Tequila and Jimmy Jon.

Round fourteen, two fights. Ruth caught Bobcat going after the lambs in her flock and dealt severely with him, Master Plan, driven by who knows what jealousies, eliminated the Homecoming Queen.

Round fifteen, two fights. Ruth drew a standby. Bobcat eliminated the Master Plan. Too bad, a plan is good. Usually.

Round sixteen, the final fight: RUTH 18-10121 of SHEPHERDS was viciously subdued by MASTER PLAN 84-36463 of PAID IN FULL in a crowd pleasing 4 minute fight. Master Plan, an aimed blow (of course), eliminated Ruth, a ripper. We congratulate them both for making it this far.

I only see one officially dead at this level, Genius Awesome on round four, and we salute him, too.

Freshmen, and I found some of them to be very fresh indeed.

Round one, I make it fifty-nine fights, and a few startling encounters in the halls. One hundred seventeen warriors, which balances properly. Total parries lead the styles, with bashers close on their heels. All other

TOURNAMENT SPY REPORT (continued)

styles are present in (of course) declining numbers. The total parries have the most wins, with the bashers having the most losses.

Round four and the numbers are starting to drop. Forty-eight fights. Undefeated warriors are still too numerous to name or even count. Still all styles present with the total parries leading in numbers and wins.

Round nine, ten fights, and now we're beginning to see the core of the contest. Four undefeated: Tick... Tock, I can see I'm going to get really tired of typing that name, Early One Morning, Ill Subliminal, and Rare Breed. Four with one loss: Bicycle Race, Flying Pig, End of Time, Burden Tofu. Six with two losses: Luperior, Maceo, Stomp This!, Chatmon, Piznaul Jiznoke, and Spank Me Floyd. Five eliminated at 6-3, not even tourney victors. Total parries still dominate this contest, no parry lungers, parry strikers, slashers, or walls of steel are still fighting here.

Round ten, seven fights. Three still undefeated: Tick...Tock, Early One Morning, and Ill Subliminal. Two with one loss: Rare Breed and Burden Tofu. Six with two losses: Bicycle Race, Flying Pig, Maceo, Stomp This, End of Time, and Spank Me Floyd. Three more eliminated. The last aimed blow and lunger has washed out.

Round eleven, six fights. Only Early One Morning remains undefeated. Let that be a lesson to those of you who like to sleep late. With one loss are Tick... Tock, Ill Subliminal, Rare Breed, and Burden Tofu. Two losses: Flying Pig, who drew a standby, Stomp This, and End of time. Three more are out, but at least they count as tourney victors with records of 8-3; the reward of longevity. Total parries still have the lead in numbers and wins, and, in fact, our front runner Early One Morning IS a total parry.

Round twelve, four fights. No one undefeated. Early One Morning lost that and the lead to Tick... Tock. Besides those two, Rare Breed also has a single loss. Flying Pig is out of the contest, and everyone else has two losses. The front runner Tick... Tock is a total parry, End of Time is a striker, the only one remaining here, and Burden Tofu is the last basher, both with two losses.

Round thirteen, four fights. Early One Morning has taken back the lead, and along with Rare Breed has one loss. With two losses are Tick... Tock, Stomp This, and Burden Tofu. Two more have been ousted. Early One Morning is now the high-ranked total parry, and once you get past the single basher and striker, that's all we have out there on the sands.

Round fourteen, three fights, with Burden Tofu drawing a standby. Early One Morning is alone in the lead with one loss. Hanging on with two losses are Stomp This, Rare Breed, and Burden Tofu. Tick... Tock is out. Narrowing down fast.

Round sixteen, one fight. Not the last one, but getting close. Wait, what happened to round fifteen? Burden Tofu and Rare Breed seem to have been eliminated, because we're down to Early One Morning and Stomp This. Looking back for the original files, I find them "corrupted, invalid, can't be opened." Okay, at this point I don't suppose it's critical. Not like it was the final round or something. Okay, round sixteen, one fight: EARLY ONE MORNING 16-6010 of BLOOD ON THE TRACKS was bested by STOMP THIS! 82-22961 of ALL YOU ZOMBIES in a 2 minute fight. I'm surprised the fight was so short, since both warriors are total parries. Both come out of this at 14-2, so their next match will decide the Freshman Champion.

Round seventeen, the final fight: EARLY ONE MORNING 16-6010 of BLOOD ON THE TRACKS viciously subdued STOMP THIS! 82-22961 of ALL YOU ZOMBIES in a 7 minute fight. That's Early One Morning as the Champion, and Stomp This as runner-up, both total parries and we salute them. Apparently only one warrior was killed in this level of the tournament, Maularia back on round five. We salute him, too.

Challengers. Scrabbling for a foothold on the Isle. And a foothold is the best they can hope for, the Isle is so crowded.

Round one, I make it one hundred twenty-eight fights. I make it two hundred fifty six warriors involved. That seems about right. All styles are present, with lungers the most numerous, total parries next in line. Total parries are the most winning.

Round four, one hundred ten fights, if I counted them right. The numbers of all styles have declined as expected. Lungers still lead the numbers, followed by total parries at a respectful distance. All styles are still present.

Round nine, twenty-two fights. Only one warrior undefeated at this point: Moose, a lunger. Five with a single loss: Armor Rot, Hotel Arizona, Locklear, Yuticu, and Whale Meat. Twenty-two with two losses, and of course I'm not going to list them. Still a lot of tourney to go, and I need to spare my fingers. Sixteen eliminated. All the bashers and parry lungers are gone, the rippers, pikers, and walls of steel are down to a single entrant.

Round ten, fourteen fights. Moose remains undefeated. Armor Rot, Hotel Arizona, and Locklear have one loss each. Twelve with two losses. And twelve out of the running with three losses.

Round eleven, and it looks like eight fights. Moose remains undefeated. Hotel Arizona is in sole possession of second place with one loss. Eight with two losses, if I've counted right: Armor Rot, Hershel Williams, Thunder Bay, Prog, Dominion, Locklear, Andano and Whale Meat. Six more eliminated. The numbers are falling drastically. We may actually see the end of this level of the tourney before midnight. Plenty more to follow.

Round twelve, five fights. Moose remains undefeated. Hotel Arizona has one loss. With two losses are Armor Rot, Hershel Williams, and Thunder Bay. Five more are out as of this round. Moose is a lunger, Hotel Arizona an aimed blow, Hershel Williams is a total parry. Eliminated this round are a slasher Prog, a parry striker Locklear, and a striker Andano, puls some others. I don't know styles on Whale Meat and Dominion.

Round thirteen, three fights, with Thunder Bay drawing a standby. Moose lost his undefeated status when he contracted Armor Rot. MOOSE 84-19656 of SUPE FORCES 6A11 was viciously subdued by ARMOR ROT 85-6624 of THIRSTY THUGS 160A in a 2 minute expert's battle. Hershel Williams checked into Hotel Arizona and couldn't get out again. I note here that Thunder Bay is a total parry.

Round fourteen, two fights. Moose trampled and eliminated Thunder Bay, and Hotel Arizona shut out Armor Rot. Good show. The winners are both at a single loss.

Round fifteen, one fight, not the last, but maybe next to last: MOOSE 84-19656 of SUPE FORCES 6A11 viciously subdued HOTEL ARIZONA 84-29194 of BEING THERE in a 2 minute master's fight. The lunger Moose, dealt with Hotel Arizona of the aimed blow.

TOURNAMENT SPY REPORT (continued)

Round sixteen, the final fight, you know who's fighting: MOOSE 84-19656 of SUPE FORCES 6A11 viciously subdued HOTEL ARIZONA 84-29194 of BEING THERE in a 2 minute master's fight. Moose, a lunger is the Champion at 15-1, Hotel Arizona, an aimed blow at 13-3 is runner up. We salute them. I count nineteen dead here, and I salute them, too.

Champions. I'm always interested in finding the Champion of Champions. Just a quirk of the way my mind works.

Round one, I make it fifty-four fights. Where is everybody? One hundred eight warriors contesting. Half won, and half lost. More than fifty were undefeated. Most lungers of any style, and no bashers. Total parries, strikers, and walls of steel the next most prominent styles. The lungers had the highest win percentage, aimed blows and walls of steel the lowest.

Round four, when the eliminations have started. Forty-six fights, probably some were eliminated by death, which does happen; those are real weapons out there. The numbers of each style are dropping, but bashers are still the only style not present. Let that be a lesson to you: high-end managers don't look with favor on bashers. Strikers, total parries, and lungers are more often victorious, slashers and walls of steel are losing a lot.

Round nine, this is when things begin to happen, or at least I begin to take careful note. A mere eight fights. One warrior remains undefeated, The Terrible Awful. Five with one loss: Jealous John, Brief, Extreme Teal, Horrible Hornet, and Tower Records. Three with two losses: Old Ebbitt, Diomedes, Clara Murphy. Seven are out on this round. Not only do we have no bashers in this contest, now there are no rippers, no pikers, and no slashers. Strikers are still most numerous, and still tending to win. The Terrible Awful is a lunger, Brief is a total parry, Horrible Hornet is a striker, Clara Murphy an aimed blow, Repsek is a plunger, and Vampire Lord is a wall of steel.

Round ten five fights, Diomedes drew a standby. The Terrible Awful remains undefeated. Jealous John and Tower Records are next with a single loss. Brief, Diomedes, Extreme Teal, Horrible Hornet, and Clara Murphy are still hanging on with two losses. And Old Ebbitt has been sent to the showers. Strikers lead in number present, represented by Tower Records. The Terrible Awful is of course a lunger. Brief a total parry, that's irony there, right? Clara Murphy is an aimed blow.

Round eleven, four fights. The Terrible Awful remains undefeated. Nobody has a single loss, but there are five warriors with two: Jealous John, Diomedes, Horrible Hornet, Clara Murphy, and Tower Records. Two more are out. Strikers still dominate numbers and wins--just barely. Total parries have the most losses on this round.

Round twelve, three fights. The Terrible Awful has the lead, with one loss which he got from the Horrible Hornet. The Horrible Hornet, Clara Murphy, and Tower Records have two losses. Jealous John and Diomedes are out. Style numbers haven't changed.

Round thirteen, two fights. The Terrible Awful still has the lead with a single loss. Tower Records is next with two losses. Horrible Hornet and Clara Murphy are out with three.

Round fourteen, one fight, not the last but next to it. THE TERRIBLE AWFUL 16-6684 of BUBBA'S BARBARIANS was bested by TOWER RECORDS 85-48797 of COLLEGE RADIO APPLE in a 1 minute fight. That puts them both at two losses. The Terrible Awful is a lunger and Tower Records a striker.

Round fifteen, one final fight: THE TERRIBLE AWFUL 16-6684 of BUBBA'S BARBARIANS bested TOWER RECORDS 85-48797 of COLLEGE RADIO APPLE in a 2 minute master's fight. The Terrible Awful, a lunger, is the Champion of Champions, and Tower Records, a striker is his runner up. We congratulate them.

Seven warriors died here, and we salute them.

Adepts. These warriors have studied and striven for months to get here and prove themselves adept at fighting.

Round one, I count eighty-nine fights. I get one hundred ninety some fights, and the phone rang. I probably miscounted and lost my place. Or lost my place first. The drinks Debby brings me are strong. Lungers are far an away the most common, but all styles are represented here. Strikers, walls of steel, and aimed blows are next in numbers, dwindling down to less than a handful of parry-strikes.

Round four, I make it seventy-four fights. Still all styles present, but only one piker. Fewer lungers and strikers, which is good; they're the killers.

Round nine, thirteen fights. Nobody undefeated. Nine with one loss, and you know I won't list 'em now. Nine with two losses, and eight eliminations with three losses. There are no longer bashers, rippers and pikers in this contest. Seven each aimed blows, mostly winning, and lungers, mostly losing.

Round ten, nine fights. Four with one loss, One Big Coccyx, Hoop Braces, Jalapeno business, and Fork This! Ten with two losses, and my hands are refusing to write them all down. Four eliminated. No walls of steel now, all plank and brick.

Round eleven, seven fights. Three warriors with one loss One Big Coccyx, Hoop Braces, and Fork This. Five with two losses: Rin Tin Tinsworthy, Eighth Lender Jalapeno Business, Hogsmeade, and Snips. Six more are out.

Round twelve, four fights. Hoop braces is alone in the lead with one loss. At 10-2 six warriors: One Big Coccyx, Eighth Lender Hogsmeade, Snips, and Fork This! Two more out of the contest. We're down to lungers, strikers, and one aimed blow now.

Round thirteen, three fights. Hogsmeade and Fork This are out, and everyone else has two losses. We're near the end of the Adepts now.

Round fourteen, two fights. Only one more round will decide it. Snips was eliminated by Eighth Lender, and One Big Coccyx was ousted by Hoop Braces. Both of those remaining in competition have two losses.

Round fifteen, one final fight: EIGHTH LENDER 85-46645 of TAMPA 19J was devastated by HOOP BRACES 85-50422 of THIRSTY THUGS 207 in a 2 minute mismatched fight. Hoop Braces is an aimed blow and Eighth Lender a lunger. We congratulate them.

Ten adepts died in this journey and we salute them.

TOURNAMENT SPY REPORT (continued)

Initiates. All these young warriors initiated into the ranks of killers.

Round one, one hundred seven fights if I counted them correctly. One hundred thirteen warriors, it fits! All styles present with lungers and strikers being most numerous at fifty or so each. In the twenties are aimed blows and slashers. Total parries and walls of steel and parry ripostes are in the teens; all others are in small numbers. The number of wins seems to echo the number present, more or less, and no style is wildly out of balance on wins and losses.

By round four we're down to, I think eighty-eight fights, with a proportionate drop in the number of warriors and the number in each style. But all styles are still present.

Round nine, twenty-six fights. Nobody undefeated, four with a single loss: Exterminator, Strobe Skink, Trax, and Miguel. A ridiculous number with two losses, eighteen; I won't list them. Twelve eliminated on this round. There are no longer parry lungers or parry ripostes in this contest, and only lungers are still in double digits, and they heavily tend toward winning, with strikers heavy on the losses.

Round ten, eleven fights. Miguel, a basher, is alone in the lead at one loss. Thirteen have two losses. Seven are eliminated. No more aimed blows and parry strikers.

Round eleven, seven fight. Miguel retains the lead with his single loss. Six with two losses: Rose Gold Benz, Sgt. Spinkles, Exterminator, Strobe Skink, Scrapper, and Richard. Seven eliminated on this round, also, but they are, at least tourney victors. Lungers are still the most numerous, but they've fallen on hard times; more lungers lost than won.

Round twelve, four fights; Scrapper drew a standby. Shoe size four to ten. Oh, reading off the wrong note there. Miguel has the lead with a single loss. Three with two losses: Rose Gold Benz, Exterminator, and Scrapper. Three eliminated.

Round thirteen, two fights. Miguel retains the lead with one loss. Rose Gold Benz hangs on with two losses. And the others listed above are out. Two total parries, a basher and a striker fighting on this round.

Round fourteen, one fight, not a clincher: MIGUEL 74-4799 of SPROUT OF MY WAY! was devastated by ROSE GOLD BENZ 85-44332 of RIFF'S WHIPS in a 1 minute mismatched fight. Miguel and the Rose Gold Benz are now tied with two losses, so the next round will be the final one.

Round fifteen, one final fight: MIGUEL 74-4799 of SPROUT OF MY WAY! devastated ROSE GOLD BENZ 85-44332 of RIFF'S WHIPS in a action packed 1 minute mismatched fight. Miguel, a basher is the Champion of Initiates and Rose Gold Benz, a striker is the final runner-up. We congratulate them.

Thirty-seven Initiates died in this contest, and we salute them.

Apprentices. So young and so hopeful.

Round one, one hundred thirty-four fights. I count two hundred eighty-six warriors but I think I counted some of them twice. There was a lot of crowding at the front of the line. All styles present with more lungers than anything and fewer parry-lungers than any. After lungers, strikers and then aimed blows for number involved. The styles were reasonably balanced in wins and losses, slashers heavy on wins, total parries and bashers heavier on losses.

Round four, one hundred nine fights. Still all styles present, but the numbers are, of course, lower. The lungers and aimed blows are heavy on the wins, strikers and total parries heavy on the losses.

Round nine, twenty fights. Four undefeated warriors leading the pack: Subordinate, Lamar Sharp, Mummy Badger, and Ferocious Flea. Six with one loss: Warlock, Crackle, Ari Mann, Pigsty Parsec, Advance Scout, and Flunky. Sixteen with two losses that I'm not going to list here. And fourteen eliminated. Strikers and lungers heavy on the wins, aimed blows tending to lose. Of the top warriors Subordinate is a striker, Lamar Sharp a lunger, Mummy Badger also a striker, and Ferocious Flea a slasher.

Round ten, thirteen fights. Only Mummy Badger remains undefeated. I'm conflicted here. I like the image of a mother badger, bit given the team name, Undead Academy, it's probably a dead badger. Eight with one loss, Subordinate, Warlock, Pigsty Parsec, Lamar Sharp, Ari Mann, Advance Scout, Flunky, and Ferocious Flea. Seven with two losses. Nine more are out. No bashers left and no parry-strikes.

Round eleven, nine fights. Mummy Badger remains undefeated. Four warriors have a single loss: Subordinate, Lamar Sharp, Pigsty Parsec, Ari Mann. Eight with two losses, and I won't list 'em. Four new eliminations. Looking at the numbers, it appears that the strikers are most likely to win. Try to avoid fighting strikers; there's no future in it.

Round twelve, six fights. Mummy Badger picks up her first defeat: MUMMY BADGER 10-7275 of UNDEAD ACADEMY was vanquished by SHORT FUSE 25-6179 of FACES OF DEATH in an exciting 1 minute uneven battle. Mummy Badger has one loss along with Pigsty Parsec (that name intrigues me) and Lamar Sharp. Looks like seven with two losses: Subordinate, Ima Yuppie, Crackle, Ari Mann, Short Fuse, and Ferocious Flea. Three more head for the showers. Lungers and strikers are where to be if you want a win, though they didn't get them all. A parry-lunger, a slasher, and an aimed blow also got a win.

Round thirteen, five fights. Holding the lead with a single loss (each) are Lamar Sharp, Mummy Badger, and Pigsty Parsec. With two losses: Short Fuse and Ferocious Flea. Five more have been sent to the showers. There are no longer rippers and pikers in this contest, and both aimed blows lost.

Round fourteen, three fights, with Short Fuse drawing a standby. Mummy Badger has the lead with a single loss; everyone else has two losses. That's Lamar Sharp, Pigsty Parsec, Short Fuse, and Ferocious Flea. Stylistically were' down to slashers, strikers, lungers, and parry-lungers.

Round fifteen, three fights, with the Ferocious Flea drawing a standby. Lamar Sharp picked up a third loss and is done here. Everyone else has two losses. Lamar was the remaining lunger, so we're down to a plunger, a slasher and two strikers.

Round sixteen, two fights, each resulting in an elimination. Mummy Badger eliminated Pigsty Parsec, and Short Fuse ousted Ferocious Flea. The next round will decide the title here.

Round seventeen, one final fight: MUMMY BADGER 10-7275 of UNDEAD ACADEMY was devastated by SHORT FUSE 25-6179 of FACES OF DEATH in a 1 minute mismatched fight. There's the Mummy out and Short Fuse the Champion here. Both are strikers and we congratulate them.

Nineteen Apprentices died here today, and we salute them all.

TOURNAMENT SPY REPORT (continued)

Rookies. Where do they all come from?

Round one, I make it two hundred forty-three fights, or maybe forty-two. Maybe five hundred fifteen warriors. All styles present, aimed blows the most numerous, then lungers, strikers, and others in descending order of course. Wins and losses appear to be evenly divided within the styles, except for the parry styles.

Round four, the numbers are dropping, but not fast enough. One hundred ninety-eight fights. Still all styles present, but the numbers dropping of course.

Round nine, and now we get down to business. Enough warriors have been eliminated that we can see the forest for the trees. An odd image. I count thirty-six fights. Two warriors are undefeated: Gurgle Dump and Jason, M.O.D. Nine with one loss, and I wouldn't normally list them, my fingers stumble, but I think I'd better. They tell me that people like to see their names in print, and we've still got a long way to go here. Braggo, Teetotaler, Doghouse Flow, Sancho Panzer, Salah, Iron Cross, Brando, Cahira, and John Gaff. I count thirty-six with two losses, and NO, I will not list them here and now. Maybe twenty-five with three losses and they're out. All styles still present although the parry-strikers are down to a single example, with the parry-lungers and parry-ripostes right above with two members. About a hundred aimed blows have died or retired from the fray so far. Of our two undefeated contestants, Gurgle Dump is a striker, and Jason MOD is a total parry.

Round ten, I make it twenty-four fights. The same two warriors, Gurgle Dump and Jason, are still undefeated. With one loss we have Braggo, Doghouse Flow, Sancho Panzer, Brando, and John Gaff. Still too many with two losses: twenty-one. Twenty eliminations. Is there no end to the eager contestants here? All styles are still present, but slashers have dropped to one along with the parry-strikers. Aimed blows are winning a lot, they do it more than any other style.

Round eleven, a mere fourteen fights. Gurgle Dump retains the lead with no losses. Doghouse Flow and Jason MOD have one loss each. Seventeen (too many to list) have two losses. Nine more are out. We no longer have a basher on the active list here, and the other styles are declining sharply.

Round twelve, ten fights. Gurgle Dump remains undefeated. No one with one loss, eleven with two. Seven with three losses. Not only no bashers, but now no rippers or pikers. Still several aimed blows fighting and tending to win or at least to be highly ranked. Strikers are also winning and high-ranked.

Round thirteen, six fights. Gurgle Dump remains undefeated. That's almost boring, thirteen rounds and he hasn't slipped once. Five with two losses: Doghouse Flow (aimed blow), Walker, Brando (wall of steel), and Sheep Tyrant (total parry). Six with three losses are finally out and at rest: Pherkad, Ozias, Sancho Panzer (slasher), Salah (parry lugner), Josaly, and Jason, M.O.D.

Round fourteen, a mere three fights. Gurgle Dump remains undefeated; can nobody beat this guy? Two left with only two losses: Doghouse Flow and Ya Basic! Three more eliminated. With only three contestants still active, you can see we don't have far to go here.

Round fifteen, two fights. Ya Basic drew a standby. Doghouse Flow handed Gurgle Dump his first loss. GURGLE DUMP 86-5166 of TOURNEYVILLE IX was vanquished by DOGHOUSE FLOW 86-5974 of SMOKE 2020X in a 1 minute uneven battle. Gurgle Dump is a striker and Doghouse flow an aimed blow.

Round sixteen, two fights. Gurgle Dump eliminated Ya Basic! And Doghouse Flow drew a standby.

Round seventeen, one final fight. GURGLE DUMP 86-5166 of TOURNEYVILLE IX devastated DOGHOUSE FLOW 86-5974 of SMOKE 2020X in a 1 minute mismatched fight. That gives Gurgle Dump the title, and we congratulate him. And we also congratulate Doghouse Flow who hung on this long.

Forty-one Rookies died in this contest, and we salute them.

And now, for the Tournaments of the Dead.

Dead Challengers. Though dead, they persist in challenging. Well, let's see what we've got here.

Round one, one hundred seventy fights. Three hundred thirty-nine discontented dead challengers. Or at least their managers. There's nothing wrong with being dead; I'm dead, after all. Not a zombie like some of those young upstarts. Just not living. It saves a lot of trouble. All styles were present. Nearly have of the participating warriors were lungers and aimed blows, wining more than half their fights. Parry-strikers were the fewest in number. Bashers, parry-strikers, and walls of steel did not do well.

Round four, an interim check, one hundred thirty-some fights. Numbers are dropping but not fast enough. Still hordes undefeated. Still all styles present.

Round nine, down to twenty-eight fights. Two contestants are undefeated now: Scripted Grop and Raem. Lots with one or two losses. No bashers left in contention. Lungers still most numerous, with aimed blows a distant second. Scripted Grope is a wall of steel, with Raem a lugner.

Round ten, twenty-one fights. Nobody undefeated at this point. Eight with one loss: Me Lunger, Scripted Grope, Gilded Cork, Sony Raem, Quirke Patella Headset, and The Burper. Twenty-three with two losses, and ten with three. No other style than bashers has dropped out yet, the numbers are declining. Lungers catch the eye with their wins.

Round eleven, sixteen fights. Six in the lead with one loss: Scripted Grope, Gilded Cork, Raem, Quirke, Patella Headset, The Burper. Twelve with two losses. Thirteen out with three losses. No bashers and no pikers.

Round twelve, nine fights. Three with a single loss: Scripted Grope, Raem, and Quirke. Nine with two losses, and six eliminated. No more rippers still in the fight.

Round thirteen six fights. Scripted Grope and Raem have the lead with one loss. Five with two losses still hanging on: Gilded Cork, Sony, Quirke, Ryan and Patella Headset. Six more eliminated. Me Lunger, Freedom Rock, Viki, Full of Hot Air, and The Burper.

Round fourteen, four fight, with Gilded Cork drawing a standby. Raem remains in the lead with one loss. Still present with two losses are Scripted Grope, Gilded Cork, Sony and Ryan. Two are out: Quirke and Patella Headset. No aimed blows left, no parry-styles, no strikers or bashers. No subtlety.

Round fifteen, three fights, with Scripted Grope drawing a standby. Sony is out, and everybody else has two losses. A couple more rounds will finish this.

TOURNAMENT SPY REPORT (continued)

Round sixteen two fights, two warriors remain with two losses, and two are out: Gilded Cork (total parry) and Raem (lugner) are in, and Scripted Grope (Wall of steel) and Ryan are OUT. The next round will decide this contest.

Round seventeen, the concluding fight: RAEM 84-20700 of S. FORCES 7805 was bested by GILDED CORK 85-13747 of JUNE 2016AH in a action packed 3 minute master's fight. Gilded Cork, total parry, is the Champion here, and Raem, lugner is the runner up. We congratulate them.

I find that twenty warriors received the second death today, and we salute them.

Dead Champions. What do you do with a dead Champion? Set 'em to fighting to pick the champion from among them, I guess.

Round one, I make it eighty-four fights. Maybe one hundred sixty-six warriors, which is only a little off. Half of them were undefeated. Could've been one sixty seven. Somebody always tries to slip by unseen. All styles present. Aimed blows are most numerous but strikers and lungers are most winning.

Round four, sixty-five fights, and the cat wants my attention. Distracting. Thirteen undefeated. Numbers dropping slowly. I'm trying to hurry this along so as to finish the report. Still all styles active here.

Round nine, fourteen fights, quite a drop. Nobody is undefeated now. With one loss I see Animal Collective, Jacque, Poison Oak, Marcus Aurelius, Jadara, Catch Her in the Eye, Shayna, Intellect Devourer, and Random. Six with two losses, but my hands are tired. Nine ousted. No plungers and no rippers left in the contest.

Round ten, eight fights, with Random drawing a standby. In the lead, six with a single loss each are Jacque, Marcus Aurelius, Catch Her in the Eye, Shayna, Intellect Devourer, and Random. With two losses, I see five Champs: Heavenly Wrath, Animal Collective, Poison Oak, Whowhat, and Jadara. Several more have been eliminated. No bashers and pikers left standing.

Round eleven, six fights. Three in the lead with one loss: Marcus Aurelius, Intellect Devourer, and Random. With two losses are: Animal Collective, Jacque, Poison Oak, Whowhat, Catch Her in the Eye, and Shayna. Two more are done for this year: Heavenly Wrath and Jadara.

Round twelve, five fights, with the Intellect Devourer drawing a standby. The Devourer and Marcus Aurelius share the lead with one loss. With two losses are Jacque, Whowhat, Shayna. and Random. No startling changes in the list of active styles, except that strikers are winning and lungers losing.

Round thirteen, three fights. The Intellect Devourer has the lead with one loss. With two losses are Jacque, Marcus Aurelius, and Shana. The other two are out.

Round fourteen, two fights. Intellect Devourer eliminsted Marcus Aurelius and Shayna was ousted by Jacque. The next round could settle this.

Round fifteen, one fight, not the final one. JACQUE 85-9761 of JACQUE & AWE devastated INTELLECT DEVOURER 85-40793 of MONSTER ROLL CALL 22 in a 1 minute mismatched fight. The next round will conclude this level of the tourney.

Round sixteen, one final fight: JACQUE 85-9761 of JACQUE & AWE was devastated by INTELLECT DEVOURER 85-40793 of MONSTER ROLL CALL 22 in a 1 minute mismatched fight. Both warriors are strikers. Intellect Devourer is the no longer dead Champion and we congratulate him and his worthy opponent.

I count twenty-one warriors dead again here and we salute them.

Dead Adepts. If they were so adept, why are they dead? I'd guess their managers think they shouldn't be. Good luck to 'em.

Round one, I counted one hundred fifteen fights. Three deaths that I noticed. Two hundred thirty warriors fighting. All styles were present, but far and away the most numerous were aimed blows. No surprise, any experienced manager will tell you that what low-ranked aimers do best is die.

Round four, I didn't count the fights. Well, I started to, but Debby put my latest drink down on the list. About twenty aimers are no longer in the contest.

Round nine, it looks like twenty fights. Lingering Kiss holds the lead, undefeated. Nobody else touches that. Six warriors with one loss: Lucifer, No Shit Sherlock, Barley Legal, Marik Blood, Anglophobic, and Ukata. I'm not prepared to count the ones with two losses. No bashers and no plungers left in the contest.

Round ten, fifteen fights. Nobody undefeated. Four with one loss: No Shit Sherlock, Marik Blood, Lingering Kiss, and Ukata. Still too many to count and list with two losses. Heck, I'll count 'em: fifteen. Eleven warriors eliminated. No total parries still on the sands here, and aimed blows are not the most numerous now, those are strikers.

Round eleven, ten fights. The same three: No Shit Sherlock, Marik Blood, and Lingering Kiss hold the lead with one loss. With two losses: Booby Trap, Sherman, Barely Legal, Scooby Snack, Oubliette, Like Achilles, Atlantis, and Ukata. Eight eliminated. No rippers or walls of steel left in the contest.

Round twelve, six fights, with Ukata drawing a standby. Holding the lead with one loss are Marik Blood and Lingering Kiss. With two losses, we've got Booby Trap, No Shit Sherlock, Scooby Snack, Oubliette, and Ukata. Four more have been eliminated. Strikers dominate the styles still active.

Round thirteen, four fights, with Lingering Kiss drawing a standby. Marik Blood and Lingering Kiss retain the lead with one loss each. With two loss are Oubliette and Ukata, three more warriors are out.

Round fourteen, two fights. Everybody still fighting ends this round with two losses: Marik Blood (a piker), Oubliette (an aimed blow), Lingering Kiss (a slasher, and Ukata (a striker).

Round fifteen, two fights. OUBLIETTE 2-6002 of DUNGEON CELL was devastated by LINGERING KISS 85-29118 of COLLEGE RADIO M54 in a 1 minute mismatched fight. That's Oubliette our of the contest. And MARIK BLOOD 82-18992 of TWISTED OAK vanquished UKAT 86-4070 of THE RED FLAGON in a 1 minute uneven battle. Which is the end of Ukata's effort.

Round sixteen, the final fight: MARIK BLOOD 82-18992 of TWISTED OAK was butchered by LINGERING KISS 85-29118 of COLLEGE RADIO M54 in a 1 minute mismatched fight. Lingering Kiss, a slasher is the Champion here, and Marik Blood, a piker, the unfortunate runner-up. We congratulate them.

Twenty adepts died again here, including Marik Blood on the last fight, and we salute them all.

TOURNAMENT SPY REPORT (continued)

Dead Initiates. Initiated into death and wanting out.

Round one, one hundred four fights. Two hundred eight warriors. A perfect fit, and I counted them myself. All styles present the aimed blows by far the most numerous.

Round four, eight-four fights. The numbers are dropping but not as fast as I could wish. I want to be done with this. Aimed blows, lungers, and strikers are most numerous, with the lungers doing best.

Round nine, fifteen fights. Six warriors with one loss hold the lead, Meatwhad, Gorilla Suit, Kelthur, Soft Drink, Chigurh, and Ravi. Sixteen with two losses, and eight with three losses are out. Obviously the numbers of contestants have dropped seriously, and there are no bashers, plungers, rippers, slashers, total parries, or walls of steel still active here.

Round ten, eleven fights. Three in the lead with one loss: Meatwhad, Gorilla Suit, and Soft Drink. Eleven with two losses: Chrysanía, Loker, Anthem, SSG 12, Alone, Kelthur, Hike Sprouts, Chigurh, Ravi, Ping!, and Seether. Eight eliminated. Lungers and strikes still most numerous, with the lungers winning and the strikers losing.

Round eleven, seven fights. Gorilla Suit is alone in the lead with a single loss. Eight hang on with two losses: Chrysanía, Loker, Anthem, Meatwhad, Soft Drink, Chigurh, Ping, and Ravi. Five more are out.

Round twelve, five fights. Gorilla Suit retains the lead with his single loss, four with two losses: Chrysanía, Loker, Meatwhad, and Soft Drink. Four have been eliminated.

Round thirteen, three fights, with Loker drawing a standby. Gorilla Suit still holds the lead being the only contestant with a single loss. Loker and Meatwhad have two losses each, and Chrysanía and Soft Drink are out of the fighting.

Round fourteen, two fights, with Meatwhad drawing a standby. Gorilla Suit hands Loker his second loss, and everybody left here now has two losses in a three-way tie. They seem to be all lungers.

Round fifteen, two fights, with Loker drawing a standby and Gorilla Suit ousting Meatwhad. The next round will decide this.

Round sixteen, the final fight: GORILLA SUIT 19-5768 of BIG LAKE MEMORIES was devastated by LOKER 85-47083 of FACELESS 13 in a 1 minute mismatched fight. Loker comes from below and cleans the field. He's a lunker as well as a champion, and the Gorilla Suit is also a lunker; we congratulate them both.

Twenty-six Dead Initiates died a second death here and we salute them.

And finally, **Dead Apprentices.** A tricky designation, because they've already mastered being dead.

Round one, seventy-two fights. One hundred forty-three warriors. Half won and half lost. Aimed blows dominated the styles present, and there were no parry-ripostes.

Round nine, eleven fights if I'm reading my note correctly. People keep coming along and talking to me, expecting answers when I'm in the middle of counting things. It's the pits. We've got three warriors undefeated at this point: Rogue Eskimo (wall of steel), Zekken (lunger), and Hyperion. Two with a single loss: Carolina Reaper (striker) and Band Aid (aimed blow). Six with two losses, still trying: Mr. Carter, Boombastic, Wall Paper Hanger, Ovation (slasher), Beholder (piker), and Soldier 24. Ten sent to the showers. The numbers have dropped sharply, with no total parries, no rippers, no plungers and no bashers.

Round ten, six fights. Undefeated are Rogue Eskimo, Zekken, and Hyperion. Nobody left with a single loss. With two losses: Boombastic, Carolina Reaper, Ovation, Beholder, and Band Aid. Three more are out.

Round eleven, four fights. Zekken and Hyperion are undefeated still, with Rogue Eskimo having one loss. Carolina Reaper and Beholder have two losses. And three have been eliminated.

Round twelve, three fights, with the Beholder drawing a standby. Zekken remains undefeated, Rogue Eskimo and Hyperion have a single loss each, and Beholder has two losses. Carolina Reaper is eliminated.

Round thirteen, two fights. Zekken remains undefeated. Rogue Eskimo is on his heels with one loss, Hyperion with two losses. Beholder has three losses and is out of the contest.

Round fourteen, two fights with Zekken, who doesn't need it, drawing a standby. Zekken retains the lead, being undefeated. Rogue Eskimo has one loss. Hyperion is out with three losses.

Round fifteen, one fight, not conclusive: ROGUE ESKIMO 32-6950 of FRIEND OR FOE? barely slew ZEKKEN 85-52909 of THIRSTY THUGS 2002 in a crowd pleasing 3 minute fight. Okay a death for Zekken is fairly conclusive. Rogue Eskimo is a wall of steel and the champion Apprentice. Zekken is the recently re-dead runner up, a lunker. We congratulate them both.

Nineteen Apprentices died again during this contest, and we salute them.

And there we have it. Congratulations to the winners and victors, and condolences to the dead.

While we have your attention, we at RSI wish you peace, health, and happiness during the holiday season and hope we will see you in 2021.

The Winter Tournament is scheduled for January 15-17, 2021. Due to the pandemic and rapidly rising covid cases in the Phoenix area, we've made the sad decision to cancel the face-to-face and hold this tournament as a mail-in. We hope to hold a Summer 2021 face-to-face tournament in the Midwest. Please watch for info in the newsletters.
