

THE MAIL-IN GRAND TOURNAMENT LXXII!

ARENAMASTER'S NOTES: 16 January 2021

This is the newsletter for the seventy-second Mail-In Grand Tournament, the third pandemic mail-in, the second tournament that should have been a face-to-face. All newsletters for regular Duellmasters arenas will include a listing of the tournament participants from that arena—all the warriors that fought will have their tournament win-loss record posted for all to see. The class divisions for Mail-In LXXII were as follows:

DM 200, The Primus Tournament	– All Primus inducted warriors (as of the Winter 2020 ADM Freeze)
DM 201, The Contenders Tournament	– All Primus contenders (as of the Winter 2020 ADM Freeze)
DM 202, The Eligible Tournament	– All Primus qualified warriors
DM 203, The ADM Tournament	– All other ADM warriors
DM 204, The Freshmen Tournament	– All new ADM warriors and ADM Freshmen
DM 205, The Challengers Tournament	– DM warriors with 31+ fights as of the Tournament
DM 206, The Champions Tournament	– DM warriors with 21+ fights as of the Tournament
DM 207, The Adepts Tournament	– DM warriors with 11-20 fights as of the Tournament
DM 208, The Initiates Tournament	– DM warriors with 5-10 fights as of the Tournament
DM 209, The Apprentices Tournament	– DM warriors with 1-4 fights as of the Tournament
DM 210, The Rookies Tournament	– DM warriors with 0 fights as of the Tournament

A grand total of 2313 warriors participated in Grand Tournament LXXII. This was a pretty large amount of strategy input, and every effort was made to ensure the accuracy of the strategies. Unfortunately, we cannot correct any possible turn input errors, nor can we rerun fights, give credit, or change learns due to possible errors.

Thanks to all of you for participating in this Grand Tournament. Your warrior's tournament record will not count toward his record in regular arena play. The warrior with the best overall record in each class is declared "The Tournament Champion," and may fight for free in regular arena play. In addition, the manager of each Tournament Champion for each tournament is awarded the Tournament Prize: ten Z.A.P. potions, each of which will reset any one of a warrior's attribute areas: his favorite offensive effort or activity level, weapon, offensive or defensive tactic, or learn; a skill area's base, his current damage base, or handedness. Each potion causes that attribute to be rerolled as if that warrior were being newly created; the roll is reversible so you can choose to keep the new selection or revert to the original. A manager will not learn a basic DM warrior's favorites. Five ZAPPs may be traded for a YZAPP, which will guarantee the optimal roll in that area. Please remember, you must use all prizes within six months of the tourney when they were won.

In addition, a special prize of one bonus skill potion will be awarded to the manager of each of the Stylemasters in all tournaments. Primus bonus potions must be used on a Primus warrior of the same style; ADM bonus potions must be used on an ADM warrior of the same style; basic DM potions may be used on any living warrior on the same team. All Stylemaster prizes must be used within six months.

Warriors in the regular tournaments who were uneliminated at the end of the tenth round have earned "Tournament Victor" status, which will enable them to make one challenge per turn with increased priority by writing "TV" next to that challenge. Tournament Victor and Tournament Champion status are great honors, and their benefits will last until our next Mail-In tournament, or until six months have passed. All warriors who earned Tournament Champion or Tournament Victor status from the Summer Mail-in longer have this status. All Victors and Champions will also receive a Certificate of Achievement.

Congratulations to the winners, and condolences to the dead. – The Gladiatorial Commission

TOURNAMENT SPY REPORT

Olaf Modeen here, reporting on the Grand Tournament. Here we go.

Primus. As usual, we start with the top, the cream. Lots of warriors, hey, I, Olaf Modeden am no accountant. I make it seventy some fights. Seventy aimed blows, thirty-one lungers, twelve each parry-lungers and walls of steel, eight slashers, 7 total parries, four each bashers, parry-strikers and strikers, three rippers on round one; you do the math. Nobody was killed here on this round. The top aimer is Drat, a four-letter word from Caer. The top lugner is Grim Reaver a bear of Morya.

Round two, seventy-eight fights. No deaths, no eliminations.

I'm not going to do a round-by-round countdown, until we reach round nine, three through eight will just pass as in a dream. Unless you were on the sands for them. There were two temporary deaths, even temporary dying isn't fun: Swamp-Rat on round three and Tony Siragusa on round six. We salute them.

TOURNAMENT SPY REPORT (continued)

Round nine, a mere fifteen fights. Three warriors were undefeated at this point: Bob Eternal, Little Girl Crush, and Frankenberry. All three are aimed blows, and in fact, by this point the contestants have been pared down to only aimers and lungers. The other styles have fallen out of the contest. Eight warriors have one loss, and fourteen are still trying with two losses. Five have been eliminated on this round.

Round ten, thirteen fights, if I didn't blink and miss one. The Dirty Zealot drew a standby. Still the same three undefeated: Bob Eternal, Little Girl Crush, and Frankenberry. One loss warriors are now down to three in number: Samurai, Napoleon Dynamite, and Mr. Gherkin. Twelve with two losses, still out there trying and now officially tourney victors. Seven eliminated on this round. The lungers have been given the boot, boots are good in snow, and it's nothing but aimed blows left in the contest.

Round eleven, nine fights. Nobody undefeated now, five with one loss: Bob Eternal, Samurai, Little Girl Crush, Frankenberry, and Mr. Gherkin. Eight with two losses, and five more out with three.

Round twelve, seven fights, one with a standby and one almost two hours long. The only thing that could've been more tedious to the spectators would have been a fight between two experienced total parries. Three warriors with one loss: Bob Eternal, Samurai, and Frankenberry. It looks like six with two losses, I can list six. 5, John Ashcroft, Little Girl Crush, Scootie Puff Jr. and Mr. Gherkin. Four more have finished their participation and been eliminated.

Round thirteen, five fights, one with a standby, the numeral 5 drew a Dangerous Criminal. Only Frankenberry has a single loss, the others have picked up additional losses. Two eliminations this round. This has got to sting: SCOOTIE PUFF JR 5-5033 of 011510A was viciously subdued by MR. GHERKIN 6-6385 of 071406AD in a crowd pleasing 22 minute fight. Two warriors under, I think, the same management fighting and one eliminating the other.

Round fourteen, four fights, with Little Girl Crush drawing and defeating a Captured Orc. Only one warrior with a single loss: Frankenberry ousted 5. With two losses: Bob Eternal, Samurai, and Little Girl Crush. The numeral 5, Marv Jr. and Mr. Gherkin are out.

Round fifteen, two fights. Frankenberry retains the lead with a single loss, Little Girl Crush is on his heels with two losses, and Bob Eternal and Samurai are out of the contest.

Round sixteen, the finisher: FRANKENBERRY 82-51803 of DM OWNS YOU viciously subdued LITTLE GIRL CRUSH 82-55739 of 13 YRS & COUNTING in a 8 minute fight. This leaves Frankenberry as the Champion of Primus, and Little Girl Crush as his runner up, both aimed blows, nothing but aimed blows left for a while now. We congratulate them both. Only the two earlier deaths occurred here, and we salute those who went that extra mile.

Contenders, and a contentious lot they were. I've probably said that before, you try thinking up snappy quips over and over again. Round one, forty-eight fights. Somewhere around ninety warriors, half won, and half lost. No kills. Yet. All styles represented on the first round with aimers most numerous: 44 of them. Only 17 lungers, 9 walls of steel and the numbers dropping from there to a single piker and striker.

Round nine, eleven fights. Nobody undefeated. Six with one loss: Miffed Sandy, Opal Ravioli, The Rabbit, Devil Dog, Third Course. Eight with two losses, or maybe nine. Not going to count or list. Six with three losses and out. Aimed blows remain most numerous, bashers, lungers, rippers and strikers are all gone now.

Round ten, eight fights. Two tied with a single loss: Miffed Sandy and The Rabbit. Ten with two losses, not going to list them now, and three eliminated with three losses.

Round eleven, six fights. Miffed Sandy is alone in the lead with one loss, six warriors have two losses, and five are out of the contest with three losses.

Round twelve, four fights. Two are eliminated here, and five remain with two losses. Paul Wiedorfer, Spare Anchor, Alice Blue, Miffed Sandy (she got her second loss from Alice Blue), and The Rabbit. All the lungers have fallen out now, it's only aimed blows and a total parry. I think.

Round fourteen, two fights, with Alice Blue drawing a standby. Paul Wiedorfer is out, and the contest has narrowed down to Alice Blue and Miffed Sandy, both at 12-2. The next round will finish it.

Round fifteen, one last fight. ALICE BLUE 96-2933 of COLORS was outwitted by MIFFED SANDY 96-3444 of BLOOD ON THE SAND 3 in a crowd pleasing 9 minute fight. That gives us Miffed Sandy as the Champion contender, and Alice Blue as runner up. Both are aimed blows and we congratulate them.

I note one official death in this level of the tourney, Surprise killed in round five. And we salute him, her, or it.

TOURNAMENT SPY REPORT (continued)

Eligibles. That has so many diverging connotations. I'm not going into them here.

Round one, forty-four fights, I think. Numbers are slippery and slip out of my mind. One death on this first turn, of Pow! slain by the ruthless Mush. Hardly epic when you see it written down. Thirty lungers, twenty aimed blows, ten walls of steel, nine rippers, other styles fewer, and no bashers or strikers.

Round nine, seven fights. The killer Mush has the lead as undefeated. Three warriors have single wins: Rogar Thorfin, Jack Daniels, and Georgia Sam. Eight warriors hanging on with two losses, and three are out. The aimers are now the most numerous, with the lungers trailing behind.

Round ten, six fights. Mush remains undefeated. Two warriors have only one loss: Rogar Thorfin and Jack Daniels. Four have two losses: Anton Chigurh, The Uptight Man, Georgia Sam, and Hannibal Lecter. Five more are eliminated before achieving tourney victor status.

Round eleven, four fights, with Jack Daniels drawing a standby. Mush remains undefeated. Jack Daniels has only one loss. Rogar Thorfin, the Uptight Man, and Georgia Sam have two losses, and the others are out though tourney victors.

Round twelve three fights, with Georgia Sam drawing a standby. Mush remains undefeated in the lead. Still fighting with two losses are Rogar Thorfin, Jack Daniels, and Georgia Sam. The Uptight Man has thrown in his towel. Rogar Thorfin is a lunger, Georgia Sam a wall of steel, and everyone else an aimed blow.

Round thirteen, two fights. Jack Daniels eliminated Georgia Sam and Mush sent Rogar Thorfin to the showers. The next round will be the clincher.

Round fourteen, the final fight. JACK DANIELS 41-3947 of I C DRUNK PEOPLE was devastated by MUSH 84-27306 of 4-LETTER PIZZA in a 2 minute mismatched fight. Two aimed blows fighting it out. Mush remains undefeated, he clearly believed the advice "begin as you mean to go on." Jack came into this with two losses. We congratulate them.

Pow! killed on the first round remains the only death at this level. We salute him.

ADM. Seasoned warriors (salt and pepper, and maybe mustard) secure in their guarantee of resurrection.

Round one: Eighty-one fights. Aimed blows and lungers are tied for top numbers here, forty-five each, with total parriers next, then slashers and walls of steel (parry-slashers), but all styles are present to begin this level of the tourney. One death on this round Trillium, by the hand and blade of Bernard.

Round nine, thirteen fights. Four undefeated warriors at the top of the list: Ruth, Katamari Damacy, The White Whale, and Virus. Three with one loss: Hogshhead, Warrior Wight, and Leak. Eleven still fighting with two losses. Eight done with three losses. Ruth is a ripper, Katamari Damacy is a total parry, The White Whale is a lunger, and Virus is unknown, one of the preceding.

Round ten, nine fights. Only the White Whale remains undefeated. With one loss are Ruth Katamari Damacy, Warrior Wight, and Virus. Nine still in at 8- 2, and tourney victors. Four more are out with three losses.

Round eleven, seven fights. The White Whale remains undefeated. Ruth, Katamari Damacy, and Warrior Wight have one loss each. Bill Murray, Higher Ground, Sallanche, and Virus have two losses. Everyone else is out of the running here.

Round twelve, four fights. Nobody left undefeated. With one loss I see Katamari Damacy, Warrior Wight, and The White Whale. Two loss: Ruth, Bill Murray, and Virus. Higher Ground and Sallanche are out.

Round thirteen, three fights. Warrior Wight and The White Whale each have a single loss. With two losses are Katamari Damacy and Virus. The other two, Bill Murray and Ruth, are done for this tourney.

Round fourteen, two fights. Warrior Wight eliminated Virus, and Katamari Damacy was ousted by The White Whale.

Round fifteen, one fight, but not conclusive. WARRIOR WIGHT 47-7978 of SPECTRAL STEEL was viciously subdued by THE WHITE WHALE 84-47164 of GOTTA SERVE 2 in a 2 minute fight. That puts the Warrior Wight at two losses. The next round might decide this. It would appear that both these warriors are lungers.

Round sixteen, one fight, not the final match: WARRIOR WIGHT 47-7978 of SPECTRAL STEEL devastated THE WHITE WHALE 84-47164 of GOTTA SERVE 2 in a 1 minute mismatched fight. Now both are fourteen-two. And they're still both lungers. The next match will decide this.

Round seventeen, one final fights: WARRIOR WIGHT 47-7978 of SPECTRAL STEEL devastated THE WHITE WHALE 84-47164 of GOTTA SERVE 2 in a 1 minute mismatched fight. Warrior Wight is the winner and Champion, and The White Whale is runner up. Both are lungers, and we congratulate them.

Three warriors died in the course of this contest: Trillium on the first round, Corea on the fourth, and Ruth on the unlucky thirteenth. We salute them.

TOURNAMENT SPY REPORT (continued)

Freshmen. And as cold as it's been, they'll stay fresh. Sixty-five fights on round one. Half of them are undefeated, and two, Bea Header and Heraja, are dead. We salute them as they're carried off to what is probably their first resurrection. All styles are represented here, with total parriers in the lead, followed by bashers, strikers, aimed blows, and lungers.

Round nine, I count eleven fights. Two warriors are undefeated: Chatmon and Burden Tofu. Six with one loss, and I won't list them. Seven with two losses. Eight with three losses, and they're out. Total parries are the most numerous style, with strikers and rippers in second and third. Plungers, pikers, and slashers are all gone now.

Round ten, eight fights. Chatmon is alone at the top as undefeated. With a single loss are Burden Tofu, Human Pretzel, Seymore Gutts, Warchant and Piznaul Jiznoke. Tourney victors already at 8-2 are Flying Pig, Rare Breed, Vessel, Eat It Raw, and Brown. Four out at seven-three.

Round eleven, six fights. Chatmon has picked up a defeat and leads the ranks of the one-loss warriors, six of them, Chatmon, Burden Tofu, Human Pretzel, Seymore Gutts, Warchant, and Piznaul Jiznoke. Vessel stands alone at two losses, and everyone else is out at three losses, but still tourney victors.

Round twelve four fights, with Vessel drawing a standby. Three with one loss: Chatmon, Human Pretzel, and Warchant. Four with two losses: Vessel, Burden Tofu, Seymore Gutts and Piznaul Jiznoke. Chatmon is a striker, Human Pretzel is an aimed blow, Vessel a wall of steel, and Burden Tofu a basher.

Round thirteen, four fights, with Piznaul drawing a standby. With one loss we have the Human Pretzel (an aimed blow) and Warchant (a stiker). Two losses, Chatmon, Seymore Gutts, and Piznaul Jiznoke.

Round fourteen, three fights, with Warchant drawing a standby. Human Pretzel and Warchant share the lead with one loss. Piznaul Jizmoke trails them with two losses, and the others are OUT.

Round fifteen, two fights, with Warchant drawing another standby. Human Pretzel and Warchant are tied with a single loss each, and Piznaul is out.

Round sixteen, one fight, not final. HUMAN PRETZEL 59-2926 of SHEWISH MUNCHIES was devastated by WARCHANT 82-42262 of BALLAD OF THE BLADE in a 1 minute mismatched fight. That leaves Warchant with one loss and the Pretzel with two.

Round seventeen, one fight, not final: HUMAN PRETZEL 59-2926 of SHEWISH MUNCHIES devastated WARCHANT 82-42262 of BALLAD OF THE BLADE in a 2 minute mismatched fight. The two warriors are now tied, with two losses each. The next round/fight WILL be final.

Round eighteen, one last fight: HUMAN PRETZEL 59-2926 of SHEWISH MUNCHIES bested WARCHANT 82-42262 of BALLAD OF THE BLADE in a 2 minute bloody fight. The Human Pretzel, an aimed blow, is the winner. And Warchant a striker, is runner up. We congratulate them.

Two warriors died during this part of the tourney, Bea Header and Heraja, on round one, and we salute them.

Challengers. I never remember, have these guys graduated or are they fully mortal? I hope for the best, but... I don't know.

Round one, one hundred thirty-six fights. That's a lot of people feeling confident. All styles are present at this point. Ninety-six lungers, forty total parries. Thirty aimed blows. Twenty-eight strikers, twenty-six slashers, twenty-five walls of steel, a few plungers, rippers, bashers, and pikers. Dr Feelgood and Rooster were killed on this round.

Round nine, twenty-three fights, one with a standby. Three undefeated warriors top the rankings: Suckable Binky, Prove Planking, and Whale Meat. It looks like there are eight with a single loss, and twenty with two losses. Fourteen are eliminated on this round. Bashers and plungers are all gone from the list, but lungers still dominate.

Round ten, sixteen fights. Prove Planking and Whale Meat remain undefeated. With a single loss, I see Hershel Williams, Suckable Binky, Socrates was Thirsty, Viki, Delta Cancri, and Claymore. Twelve with two losses that are, at the least, tourney victors now. Lungers still distinctly dominate the numbers, but they aren't winning more than one out of every three.

Round eleven, down to ten fights. We may reach the end of this before spring, but I make no promises. Whale Meat alone remains undefeated. Hershel Williams, Suckable Binky, Prove Planking, and Viki have one loss each. Nine are hanging on with two losses, and six are out with three losses.

Round twelve, seven fights. Whale Meat remains undefeated, Viki has one loss. Eight warriors, I won't list them, have two losses, and four are eliminated.

Round thirteen, five fights. Whale Meat picked up his first loss from Shadow Golem and is now tied with Viki. With two losses we have Suckable Binky, Prog, Shadow Golem, and Dolemite. Four more have been eliminated.

TOURNAMENT SPY REPORT (continued)

Round fourteen, three fights. Viki is alone in the lead with one loss. With two losses are Prog, Whale Meat and Dolemite, and two more contestants are out of the contest.

Round fifteen, two fights. Prog, Viki, and Whale Meat are tied with two losses, and Dolemite is out. Two more rounds should do it here. Prog is a slasher, Viki an aimed blow, and Whale meat a lunger.

Round sixteen, two fights. Whale Meat drew a standby, and Viki eliminated Prog. Viki and Whale Meat are tied with two losses, and the next round will settle this contest.

Round seventeen, one last match: WHALE MEAT 60-9270 of UNNAMEABLES devastated VIKI 84-19015 of SUPERIOR FORCES 1601 in an action packed 2 minute mismatched fight. Whale Meat, a lunger, is the champion, and Viki, an aimed blow is his runner up. We congratulate them.

Fourteen warriors died in this level of the tourney, and we salute them.

Champions. It always amuses me to seek the Champion of the Champions. Simple pleasures for simple minds, you know?

Round one, sixty-six fights. One death on this round, Mor'dus killed by Nameless Crook. We salute him. Lungers are the most numerous, 49 at the moment. Strikers next at 27, then slashers, total parries, walls of steel, and finally aimed blows. No rippers at all.

Round nine, twelve fights. Six warriors with a single loss, nobody undefeated. With one loss: Yoga Underachiever, Jagged Sandman, One Bib Coccyx, Pignocchio, Mamba Beholder. With two losses, more than I'm going to list: eight, but my hands are tired. Nine being eliminated. Lungers are still the most numerous, and they're doing better at winning now. Also present and still active are a few aimed blows, some strikers, and a couple of slashers. The other styles have all washed out.

Round ten, seven fights. No undefeated, of course. Three with one loss: Yoga Underachiever, Jagged Sandman, and Mamba. Seven with two losses, I won't list them now. Four eliminated. We're down to nothing but lungers and aimed blows, it looks like, maybe a striker.

Round eleven, five fights. Mamba (a lunger) is alone in the lead with one loss. With two losses we have Yoga Underachiever, Jagged Sandman, One Big Coccyx (a striker), Beholder, and Fifth-rate (an aimed blow). Three more are out.

Round twelve, four fights, one with a standby. Mamba holds the lead with one loss. With two losses are Yoga Underachiever (drew the standby), Beholder (a striker), and Fifth-Rate.

Round thirteen, two fights. Mamba picked up a second loss from Yoga Underachiever, and is now tied with the Yoga guy and Fifth-Rate. Beholder, the last striker fighting here today, is out.

Round fourteen, two fights. Mamba drew a standby. Mamba and Yoga Underachiever are tied with two losses, and Fifth-Rate, the last aimed blow standing, is out.

Round fifteen, one final fight: MAMBA 10-7089 of SERPENTS HOLD 10519 devastated YOGA UNDERACHIEVER 18-10993 of STREET PIZZA in a 1 minute mismatched fight. Both warriors are lungers, Mamba is Champion of Champions and the Yoga guy is runner up. We congratulate them.

Six warriors died in this part of the tourney, and we salute them.

Adepts. Not adept enough to get out of this, as I wasn't, either.

Round one, ninety-five fights. One warrior was killed on this round: Cross. We salute him, her, or it. Forty-seven lungers, forty-one strikers, only twenty-four aimed blows, nineteen total parries, fifteen slashers, twelve walls of steel, ten bashers, single digits on the other three styles.

Round nine, sixteen fights. Sly is the leader, alone and undefeated. Everybody else has lost a fight here and there. Six with one loss: Liquid, Pepp in your Stepp, Misfire, Armageddon, Cranger. Too many with two losses for me to list, fourteen, I think. Twelve eliminated. No plungers and strikers left in the fight. Lungers are most numerous as a group, but strikers and slashers are doing better.

Round ten, a mere ten fights. Sly has picked up a loss and is now tied at nine-one with Liquid and Misfire. Lots of warriors with two losses, I won't list them. Seven more are eliminated. Strikers are the most winning style at this point.

Round eleven, seven fights. Liquid (a striker) and Misfire are tied with a single loss. At two losses, I see Sly (a slasher), Pepp in Your Stepp (a lunger), Doors, 3rd Time (an aimed blow), The long Walk, and Judeen. Six more are out. Lungers are still the most winning style, though strikers are most numerous.

Round twelve, four fights. Liquid and Misfire are still tied in the lead with one loss. At two losses we have Pepp in Your Stepp and Judeen. Four more are eliminated.

Round thirteen, two fights. Of the four warriors left: Pepp in Your Stepp, Liquid, Misfire, and Judeen, all have two losses. Lungers and strikers, the lungers winning and the strikers losing.

Round fourteen, two fights. Misfire ousted Judeen, and Pepp in Your Stepp fell to liquid. The next round should be decisive.

TOURNAMENT SPY REPORT (continued)

Round fifteen, one final fight. MISFIRE 85-31586 of PBR LEGENDS 48 was bested by PEPP IN YOUR STEPP 85-46527 of SECRET MEATING in a 1 minute master's fight. And there you have it, Pepp in Your Stepp, a lunger, is the Champion, and Misfire, a striker is runner-up. We congratulate them.

Fourteen warriors died in this level of the tourney, and we salute them.

Initiates. Initiated into waiting around for long-winded (long fingered?) spy reporters.

Round one, one hundred thirty-four fights. I think maybe two warriors were killed on this round and we salute them. All styles were present, with strikers the most numerous: 70, lungers 64, aimed blows 47 perhaps indicating the tendency of aimers to die young, slashers 20, total parries 19, other styles in descending amounts. It's easy to see what styles managers prefer for high-end and tourney play.

Round nine, twenty fights. Nobody is undefeated here. Tied with one loss are Felaern (a striker), Armbat (a lunger), Plague Face Maez, Chris Paul, and Bill. None of the others are on the stylemasters list. Warriors with two losses are too numerous for me to count, much less list. Bashers and pikers have dropped off the list of styles active here. Lungers and strikers remain the most numerous, with lungers having a slight edge in wills.

Round ten, fourteen fights. Only one warrior with a single loss now: Bill, a lunger. Lots with two losses, eighteen, not going to list them now. Nine eliminated. Strikers and lungers still most numerous, but strikers most successful this turn.

Round eleven, ten fights, one with a standby. Bill retains his lead with one loss. Everyone else has either two or three losses. Nine with two losses, Gritty Lioness, Felaern, Khaleesi, Maez, Robert Paulson, Floyd's Bookie, Marduk, Chris Paul, and Dreary Morning. Nine eliminated. Lungers and strikers still dominate here, and bashers have dropped out.

Round twelve, five fights. Bill remains in the lead with one loss. With two losses are Felaern, Gritty Lioness, Maez, and Chris Paul. The rest are headed for the showers. Nothing active now but lungers and strikers, and one each plunger and total parry.

Round thirteen, three fights, with Maez drawing a standby. Bill retains the lead, having defeated and eliminated the Gritty Lioness. Chris Paul was ousted by Felaern. Four lungers and one striker active on this round.

Round fourteen, two fights, with Bill drawing a standby. Felaern eliminated Maez.

Round fifteen, the final fight: BILL 3 32-7266 of SEGUE CARTEL unbelievably bested FELAERN 86-1130 of WRATHMEN 20-11 in a crowd pleasing 1 minute fight. With this victory, Bill becomes the Champion here and Felaern his runner-up. Bill is a lunger and Felaern a striker. We congratulate them.

Forty-one warriors died here today, and we salute them.

Apprentices. Apprentices to gladiation. You're in the system now. Make the most of it.

Round one, one hundred forty-six fights, unless I miscounted. People keep calling or coming to the door when I'm in the middle of things. The styles lean heavily to lungers (69), strikers (60), and aimed blows (52), but all styles are present here at the beginning.

Round nine, twenty-three fights. Two undefeated warriors in the lead here: Garrik (a lunger) and Kama Sutra (a slasher). Seven with one loss: Blitkrieg (a total parry), Gambit Panaya, Ebony Emu (a basher), Pure Awesome, Dagadan (a striker, and Pam Anderson (other styles not known to me). Nineteen with two losses, you can't expect me to list them. And a stack of eliminations. As usual the plungers and pikers have dropped off the active styles list, but the dominant styles are also reduced. Lungers are down to a mere eighteen.

Round ten, fourteen fights. Garrik and Kama Sutra retain the lead as undefeated. Only three now with one loss: Gambit, Pure Awesome, and Dagadan. Thirteen with two losses. And ten out as of now. Lungers are dominating.

Round eleven, eleven, nine fights. Garrik is now alone in the lead, the only one undefeated. Kama Sutra and Dagadan both have one loss. Nine have two losses. Six, with three losses, now tourney victors are out of the contest. Lungers remain most numerous, and parry-anything has fallen away.

Round twelve, six fights. Garrik remains undefeated. Kama Sutra and Dagadan still have a single loss each. Shadowspawn, My Monster, and Pure Awesome have two losses but are still in the action. And six are out.

Round thirteen, three fights. Garrik (a lunger) is still undefeated. Dagadan (a striker) has one loss. My Monster and Kama Sutra (a slasher) have two losses. And Shadowspawn and Pure Awesome (a total parry) are out.

Round fourteen, two fights. Garrik picked up his first loss from My Monster and is now tied with Dagadan. My Monster has two losses, and Kama Sutra is out of the running.

TOURNAMENT SPY REPORT (continued)

Round fifteen, two fights. Garrik drew a standby (like he needs one). Dagadan managed to hold at one loss by eliminating My Monster.

Round sixteen, one fight, not conclusive: GARRIK 86-1149 of WRATHMEN 20-15 was devastated by DAGADAN 86-1312 of WRATHMEN 3 in a action packed 1 minute mismatched fight. That drops Garrik to two losses while Dagadan has only one.

Round seventeen, one final fight: GARRIK 86-1149 of WRATHMEN 20-15 was devastated by DAGADAN 86-1312 of WRATHMEN 3 in a 1 minute mismatched fight. Garrik, a lunger is the Champion here, and Dagadan, a striker, is runner-up. We congratulate them.

Twenty warriors died here today. We salute them.

Rookies. I was used to thinking "so young and so hopeful" about the rookies. But considering that most of them are newly created golems, it seems like those concepts don't apply. Or shouldn't.

Round one, I count two hundred seventy-six fights. That's too many to get my mind around. After watching them, I still can't get my mind around them. It doesn't help that the phone keeps ringing. Sheila said she would forbid phones at tourneys but she must have forgotten. It keeps ringing. One hundred twenty-seven aimed blows. One hundred three lungers. Ninety-six strikers. Other styles in descending numbers.

Round nine, I make it forty fights. Four undefeated warriors at the top: My Fault, Blackjack Fad, Spitter, and Ordinary Wand. Twelve with one loss. Thirty-three with two losses. Thirty-one eliminations. The numbers have dropped all over, there are no plungers left in this contest. The aimed blows seem to be most numerous, and most winning.

Round ten, twenty-four fights. Two undefeated warriors: My Fault and Spitter. Eight with one loss. Twenty-two with two losses. Sixteen more are out. Aimed blows are down to twenty, and the plungers and the rippers are gone.

Round eleven, sixteen fights. Nobody undefeated now. Seven with one loss: My Fault, Unholy Cow, Sable, Blackjack Fad, Ordinary Wand, Spitter, and Mad World. Fourteen with two losses. Eleven with three losses and out.

Round twelve, eleven fights. With one loss: My Fault, Sable, Spitter, and Mad World. With two losses: Exogenous Shock, Unholy Cow, Blueheart, Blackjack Fad, Jen, Electric Wit, Ordinary Wand, Katydid, Tim Lollar, and Audios. Aimed blows are still most numerous, with all parry-anything styles, including walls of steel gone from the contest.

Round thirteen, seven fights. Not much change in the line-up, except for warriors moving downward. With one loss: My Fault, Sable, Spitter, Mad World. Two losses: Ordinary Wand, Katydid, Tim Lollar. Six more eliminated.

Round fourteen, four fights. Spitter and Mad World in the lead with one loss. My Fault, Sable, Katydid, and Tim Lollar with two losses, and one elimination.

Round fifteen, three fights. Except for the elimination of Sable, everyone still in the contest has two losses.

Round sixteen, three fights, one with a standby. My Fault and Katydid, both with two losses are the only ones still in the fight. The next round should decide this.

Round seventeen, one final fight: MY FAULT 86-4381 of SS03 07 bested KATYDIDS 86-5724 of COLLEGE RADIO HHH in a 1 minute fight. Both warriors are aimed blows, and My Fault is now the Champion, with Katydid right behind him. We congratulate them.

I count over a hundred dead here, and we salute them all.

And that was our tournament. Thanks to Debby for her help. -- Olaf
