

# THE MAIL-IN GRAND TOURNAMENT LXXIX!

## ARENAMASTER'S NOTES: 7 April 2024

This is the newsletter for the seventy-ninth Mail-In Grand Tournament. All newsletters for regular Duellmasters arenas will include a listing of the tournament participants from that arena—all the warriors that fought will have their tournament win-loss record posted for all to see. The class divisions for Mail-In LXXIX were as follows:

DM 200, The Primus Tournament	– All Primus inducted warriors (as of the Spring 2024 ADM Freeze)
DM 201, The Contenders Tournament	– All Primus contenders (as of the Spring 2024 ADM Freeze)
DM 202, The Eligible Tournament	– All Primus qualified warriors
DM 203, The ADM Tournament	– All other ADM warriors
DM 204, The Freshmen Tournament	– All new ADM warriors and ADM Freshmen
DM 205, The Challengers Tournament	– DM warriors with 31+ fights as of the Tournament
DM 206, The Champions Tournament	– DM warriors with 21+ fights as of the Tournament
DM 207, The Adepts Tournament	– DM warriors with 11-20 fights as of the Tournament
DM 208, The Initiates Tournament	– DM warriors with 5-10 fights as of the Tournament
DM 209, The Apprentices Tournament	– DM warriors with 1-4 fights as of the Tournament
DM 210, The Rookies Tournament	– DM warriors with 0 fights as of the Tournament

A grand total of 2398 warriors participated in Grand Tournament LXXIX. This was a large amount of strategy input, and every effort was made to ensure the accuracy of the strategies. Unfortunately, we cannot correct any possible turn input errors, nor can we rerun fights, give credit, or change learns due to possible errors.

Thanks to all of you for participating in this Grand Tournament. Your warrior's tournament record will not count toward his record in regular arena play. The warrior with the best overall record in each class is declared The Tournament Champion and may fight for free in regular arena play. In addition, the manager of each Tournament Champion for each tournament is awarded the Tournament Prize: One potion, which when applied on any Natural Warrior, dead or alive, will either make a Clone or Twin of that warrior at birth. A clone is one exact copy of the warrior; a Twin may be a different style and will be rolled ten times and the best shall be chosen. The new warrior may be added to any team. A Natural Warrior is defined as a warrior that was not created with the use or a prize, nor has ever had a prize used on it at any time in the past. Warriors may be cloned only once by their own manager, and once by another. The owner of the warrior that is cloned or twinned must give permission. Please remember, you must use all prizes within six months of the tourney when they were won.

In addition, one bonus skill potion will be awarded to the manager of each of the Stylemasters in all tournaments. Primus bonus potions must be used on a Primus warrior of the same style; ADM bonus potions may be used on an ADM warrior of the same style; basic DM potions may be used on any living warrior on the same team. Stylemaster potions may be traded 1:1 but may not be sold. These potions must be used within six months.

Warriors in the regular tournaments who were uneliminated at the end of the tenth round have earned Tournament Victor status, which will enable them to make one challenge per turn with increased priority by writing "TV" next to that challenge. Tournament Victor and Tournament Champion status are great honors, and their benefits will last until our next Mail-In tournament, or until six months have passed. All warriors who earned Tournament Champion or Tournament Victor status from Mail-in LXXIX longer have this status. All Victors and Champions will also receive a Certificate of Achievement.

Congratulations to the winners, and condolences to the dead. – The Gladiatorial Commission

## TOURNAMENT SPY REPORT

**Primus!** I, Olaf Modeen, am here to tell you that tourneys always start with Primus. Unfair? Not really, when you consider how many years these warriors have fought to reach this pinnacle of dueling.

If I have counted correctly round one had sixty-four fights, more or less, one hundred thirty-four warriors of all styles participating. Aimed blows dominated, what else is new? Sixty-seven aimers, fourteen each lungers and walls of steel, and on down to three each rippers, pikers, and total parries. Somebody wants to be sure to have all the style bases covered.

Dropping down to round nine: fourteen fights, I think. This math doesn't come easily. Three undefeated gladiators: Webbed Toes, 5, and Minge the Marvelous. I new a guy named Minge once; he ran hounds. Twenty-eight aimed blows and no other styles. Tells you something right there, doesn't it?

## ARENAMASTER'S NOTES: 7 April 2024

Round eighteen finishes this level of the tourney. 5 62-2979 of NUMBERS outwaited SMALL POX 84-18995 of 115TH DREAM in a crowd pleasing 8 minute fight. Both warriors are aimed blows, but 5 only gets the tourney prize, no single warrior gets to prizes in the same tourney if I understand the notes correctly, and that probably means Small Pox is the style master.

**Contenders.** Junior Primus warriors. Nobody likes being called Junior and it makes 'em contentious.

Round one, fifty-four fights. Not bad. All styles present, with aimed blows leading, lungers next, and down.

Round nine, twelve fights, nobody undefeated. A lot tied at eight-one. Aimed blows continue to dominate, with no bashers, no plungers, no rippers, no pikers nor slashers nor strikers present.

Round fifteen, the final fight. Both aimed blows, of course, no other style present and active. Buried Treasure is the tourney champ, and Third Course is the stylemaster. Remember, you can't do both on the same tourney.

**Eligibles.** Eligible for what, you might reasonably ask, but you're better off not knowing. Woodhaven tels about the five hundred years he spent alone in a Gate holding it against the Chaos monsters.

Round one, we start with, I think one hundred seventy-eight warriors. Aimed blows are of course most numerous at thirty, but all styles are present at this point. Lungers next at seventeen, seven each of plungers, rippers and total parries, the other styles fading quickly to a mere three strikers.

Round nine, down to eight or nine fights, I count 'em and forget right away--do you think I'm getting old? Nobody undefeated. No bashers, rippers, or pikers. Four each aimed blows and total parries, three lungers, one each plunger slasher, striker and wall of steel. Dropping like flied out there.

The last fight, round fifteen: CANNED SAVRADESE 7-6311 of SHEWISH PICNIC unbelievably bested PICKLED NEWT 84-44178 of PUB CRAWLERS 5 in a 2 minute bloody fight. A striker and a total parry (no aimed blow). Canned Savradese is the champion, and Pickled Newt is the top striker.

**ADM.** A weird notion, this. Originally the idea was that you'd graduate from regular arena fighting and that was it. Nothing more than life beyond that. But then some managers (a necessary evil) protested that they hadn't put a year into training you up just to see you walk away, so ADM came along. No rest for the competent.

Round one, lots of fights, lots of justling in the halls. Eighty-five warriors contending here, all styles active, lungers in the lead at thirty-two, twenty-nine aimed blows, and then the numbers falling SLOWLY to six each bashers, pikers, and strikers.

By the time we get down to round nine there are still four undefeated warriors and still all styles active, although half of 'em are down to one each, bashers, plungers, ripper, strikers, and walls of steel. The lungers have the lead in numbers.

Round nineteen, the final fight: WORTH THE TIME 4-7307 of TMM'S JUNK 8 devastated STINK FACE 47-8688 of HOWLIN MAD in a 1 minute mismatched fight. We've got a lunger and a slasher here, nobody else. Seems a little odd, but it's the oddness that keeps the managers coming back. Worth the Time, a lunger is the champion, and Stink Face is the top slasher.

In the interest of time, the remainder of the report will be in the online newsletter.
